Testimonies of 2018-2019 Placed Students

Dhanashree Rewanwar
CSE, 2019

Hi, I am Dhanashree Rewanwar, pass out student of 2019 batch of MGM College of Engineering Nanded. I am currently working in TCS, pune. And yes I am working in India's biggest organisation just because of my college efforts. College has taken all the preparations required for interview. We used to have series of aptitude tests based on each topic and then combined aptitude tests all well so that we can have good practise over single topic first and then throughout understanding of it.

Practise sessions for group discussion were also planned for us. When we were selected for 2nd round of interview, college immediately arranged training session for us. Just for taking preparation of TCS interview. In those session, everything was covered like mock interviews, do's and don'ts, expected questions, how to drive the interview, etc. I feel, college made me eligible to work in such big company. Without college efforts and all the preparation taken by all the staff, it would not be possible. Just because of my teacher and their support, I am working here.

Vivek Khasawat
CSE, 2019

MGM college provided placements, as one among who got benefited out of it I feel this is a great opportunity for a person who graduated and come out of a college with a job which boosts lots of positivity and confidence. As part of placements they train us with academics what's the improvements points who is lagging where, which helps the students to overcome their weakness.

Farooqui Rubiya
CSE, 2019

Training and placement cell of MGM college is very cooperative, they helped me to get placed in first phase of placement. The training which I received by our college helped me to get through a company in my very first attempt. I am very thankful to my college and placement STAFF for their continuous support and encouragement. As I got job in MNC(TCS) my family is very happy and satisfied.

Thank you MGM for your support in my important phase of life.

Omkar Deshpande
CSE, 2020

Letting students achieve more, is always backed by fun teaching professors and supportive management! Its because of the supportive department, engaging placement cell and motivating teachers that always pushed me to do more and achieving higher! Getting into Infy as a power programmer was due to the fact that I was inspired to participate in Hackathons, Coding contests, making labs available on demand and engaging classes that cleared all my fundamentals! A thank-you is just isn't enough for all the efforts my college has put into me to where I stand today!

MGM COE

It's been a year since graduating from MGMCOE but still, I can feel the vibes. During the final year the all the staff took stupendous efforts to train us in various sections like quants and verbal and programming which turns be a part of Infosys.

Currently we are working remotely and taking the leverage of WFH and everyone in our family happy to see us an independent. I am always thankful to my college MGM COE and our staff.

Shaikh Furkhan
CSE, 2020

Hi, I am Furkhan Shaikh a Technical faculty and a Game Developer in Talent Development Department TCS, Pune. I am an alumnus of MGM College of Engineering, Nanded and I secured my degree in 2020.

Let me share a secret logic behind the placement which led me to play a crucial role (ILP Trainer and Developer) in the world's biggest IT company TCS. The placement programs that have started from mid-third-year till the end of my final year really helped me to Work on Technical knowledge, Public speaking, Presentation skills, Leadership, Teamwork and this finally led me to be a part of one of the finest IT companies and I got an opportunity to deliver a quality training to 5000+ trainees all over India.

I would like to thank our Training and placement of fier Mr. Shivprasad Titare sir, Head of the Department Dr. Archana Rajurkar ma'am, Director of our institute Dr. Geeta Lathkar ma'am and all the faculties of our department for their help and support. Due to the support of faculties and multiple training programs I could manage to clear one of the internal examinations of TCS namely the TCS Xplore program which led me to secure 40,000 Rs as an incentive prior joining to the TCS.

Motivation for Work and Applauds for Victory, these are the things we need as a student to keep our graph growing. Mgm have always provided us with technically enriched atmosphere. Be it extended lab sessions and trainings, timely guidance from faculty and mentoring from seniors. This helped to sustain competitive spirit with in us. I thank entire faculty and department for their support in professional walk of being a student to being Specialist Programmer at Infosys today!

Atharva Boralkar
CSE, 2020

College campus placement is very important for students who want to make a successful corporate growth in their future. And I'd like to thank all Comp. Science staff specially Mr. Juned sir and Titare sir for consistently supporting and motivating us all to get that chance. MGM college institution always inspired us to participate in extra and co curricular activities organised by college helped us to find perfect opportunity. College campus placement helped to get the jump start in my corporate career. Financial stability, sense of responsibility which are some important entities in life were taught by this experience.

I would like to appreciate that MGM COE is working very hard to provide different opportunities for students. I am thankful to all the faculty members of the college for their continuous efforts and support. Specially I would like to thank Maithili madam, In any problem or situation I used to call her knowing that she is definitely going to help me out. The way she taught us the way to tackle things and trained us to face the interview was wonderful. Being student of MGM COE have helped me grow not only in the academics but also in various perspective of life and I am proud of it.

Meghna Lavekar
CSE, 2021

I am Meghna Lavekar, alumani of MGM's College of Engineering Nanded [2021 pass-out]. Currently I am working in Tata Consultancy Services as Systems Engineer.

I got a job offer from Tata Consultancy Services a year before I completed my graduation. Getting placed in Multinational Company with higher package in the final year is a great opportunity to kick start career in IT world as a fresher. Training and placement cell and College helped me a lot to fulfill my dream of getting placed in the MNC by conducting various training programs. I would like to thank all teachers and MGM family for supporting me and guiding me.

Vaishnavi Galakatu
IT, 2021

It was my immense luck and fortune to be the part of MGM where I can grow. The entire faculty and department leaves no stone unturned to shape one's future. My three year journey at MGM have been wonderful experience of learning. T and P team has been great contributor to the development of my career. Huge respect, love, devotion for entire faculty members and department. Various activities arranged by T and P team is always motivate, help to grow faster. I am always thankful for having such supportive family. They were overwhelmed with joy as this is my first job. I saw that happiness and satisfaction on their face. It made memorable day in my life.

Aishwarya Bokare
MECH, 2021

My experience at MGM's College was great and memorable. The mentors at MGM college helped in enhancing my academic and interpersonal skills. The relationship between faculties and student is very cordial, which gave me an opportunity to excel in my area of interest. I am thankful to all the faculties, mentors and entire department. The T and P cell is very supportive and they have conducted various sessions which helped me to get placed. I am also thankful for having such supportive parents. My parents were overwhelmed with joy and this happiness of parents made a memorable day in my life.
