

YEARLY STATUS REPORT - 2020-2021

Part A	
Data of the Institution	
1.Name of the Institution	Mahatma Gandhi Mission's College of Engineering, Nanded.
• Name of the Head of the institution	Dr. Mrs. Geeta S. Lathkar
• Designation	Director
• Does the institution function from its own campus?	Yes
• Phone no./Alternate phone no.	02462224756
• Mobile no	9850455553
• Registered e-mail	director_naac@mgmcen.ac.in
• Alternate e-mail	director@mgmcen.ac.in, kotgire_sl@mgmcen.ac.in
• Address	Near Airport, off Hingoli Road, Nanded
• City/Town	NANDED
• State/UT	Maharashtra
• Pin Code	431605
2.Institutional status	
• Affiliated /Constituent	Affiliated
• Type of Institution	Co-education
• Location	Urban

• Financial Status	Self-financing				
• Name of the Affiliating University	Dr. Babasaheb Ambedkar Technological University, Lonere {DBATU}				
• Name of the IQAC Coordinator	Dr. Harkare M.G.				
• Phone No.	02462222999				
• Alternate phone No.	9881747185				
• Mobile	9881648391				
• IQAC e-mail address	harkare_mg@mgmccen.ac.in				
• Alternate Email address	patil_jh@mgmccen.ac.in				
3. Website address (Web link of the AQAR (Previous Academic Year))	http://mgmccen.ac.in/docs/AQAR%202019-20.pdf				
4. Whether Academic Calendar prepared during the year?	Yes				
• if yes, whether it is uploaded in the Institutional website Web link:	http://mgmccen.ac.in/academic-calendar.aspx				
5. Accreditation Details					
Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to
Cycle 1	B++	2.86	2018	23/08/2018	22/08/2023
6. Date of Establishment of IQAC			01/11/2016		
7. Provide the list of funds by Central / State Government UGC/CSIR/DBT/ICMR/TEQIP/World Bank/CPE of UGC etc.,					
Institutional/Department /Faculty	Scheme	Funding Agency	Year of award with duration	Amount	
0	0	0	0	0	
8. Whether composition of IQAC as per latest NAAC guidelines			Yes		
• Upload latest notification of formation of IQAC			View File		

9.No. of IQAC meetings held during the year	2	
<ul style="list-style-type: none"> Were the minutes of IQAC meeting(s) and compliance to the decisions have been uploaded on the institutional website? 	Yes	
<ul style="list-style-type: none"> If No, please upload the minutes of the meeting(s) and Action Taken Report 	No File Uploaded	
10.Whether IQAC received funding from any of the funding agency to support its activities during the year?	No	
<ul style="list-style-type: none"> If yes, mention the amount 		
11.Significant contributions made by IQAC during the current year (maximum five bullets)		
1: In spite of Covid-19 pandemic, online conduction of theory, classes practicals and exams and evaluation carried out successfully.		
2: Conducted practical on VLabs portal (An initiative of MHRD under the National Mission on Education through ICT in collaboration with IIT Bombay)		
3: Organized Webinars in each department on various topics enhancing the professional exposure to the students.		
4: Encouraged faculty and students to actively participate in various webinars, NPTEL Swayam and various MOOCS and various competitions like Smart India Hackathon and ensured their participation in community services like Unnat Bharat Abhiyan .		
5:Organized various online training courses through Training and Placement Department.		
12.Plan of action chalked out by the IQAC in the beginning of the Academic year towards Quality Enhancement and the outcome achieved by the end of the Academic year		

Plan of Action	Achievements/Outcomes
1. Smooth conduction of Online classes through Microsoft Teams software and online Internal and External test through Vmedulife software during Pandemic situation.	It helped all the students to promote to Higher Classes in pandemic situation.
2. Training Courses. i. Fundamentals of Basic English ii. Aptitude & Soft Skills Training iii. Python and other software courses	This training helps the students for placement & total more than 150 students of various Departments were placed in different Organizations.
3. Participation in various webinars NPTEL and Swayam Courses by faculties and students is enhanced	It helped to enhance the knowledge of all the students and faculties in pandemic situation. i. 344 students and 5 faculty members were enrolled and certified with e-modified certificate. ii. A group of five students won prize of Rs. 1 lakh at National level competition Smart India Hackathon.
13. Whether the AQAR was placed before statutory body?	Yes
<ul style="list-style-type: none"> Name of the statutory body 	
Name	Date of meeting(s)
Governing Council	30/10/2020
14. Whether institutional data submitted to AISHE	
Year	Date of Submission
2020-21	15/12/2021
15. Multidisciplinary / interdisciplinary	
Preparing the technocrates compatible with the industry demands a very powerful method of teaching is interdisciplinary or Multi-disciplinary that crosses the boundaries of a discipline or	

curriculum in order to enhance the scope and depth of learning. It also covers an idea, topic, or text by integrating multiple knowledge domains.

For multidisciplinary approach suitable elective courses are introduced, so that along with major branch of study students can suitably select minor stream of specialisation.

Students are offered with electives of various discipline, where in students can opt for an elective of his choice, under this the elective may not be from his core branch. By opting tfor the minor specialization students can get knowledge from other branch of his choice simultaneously.

Collaborative projects are offered wherein students from various branches come together and make some projects to get multidisciplinary knowledge. Core branch students are offered the knowledge of subjects like mechatronics, python, Java, Artificial intelligence, etc.

16.Academic bank of credits (ABC):

We are in process.

17.Skill development:

With an intention to bridge the gap of requirements by the industry and academic curriculum; institute has conducted various internship training and skill development activities throughout the academic year. For this enterpurnership and training & placement cell has been established. This cell executed various MoUs with the training institute / forum for arranging workshops, hands on training, internship training, skill development courses enhancing overall development of our students.

During the pandemic situation of COVID-19, the lectures and training session were conducted in online mode. Students were benefited with placements due these courses. More than 200 students of various disciplines were placed in the different companies in this academic year.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

Not Applicable

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

OBE in terms of curriculum design, delivery, assessment, evaluation and reflection has been in practice in our Institute. Institute has used Vmedulife software for systematic approach towards OBE by designing COs, POs and PSOs at Institute level for all UG and PG programs. Students are made aware about COs and POs during the course learning and they are made student centric to achieve OBE. Teachers also set the question papers internal/external by mentioning COs on question paper. The course attainment is viewed through CO-PO mapping. At the end of semester the review of this mapping is done through IQAC and NBA coordinators from each Department along with Chairman and Director of the Institute.

20.Distance education/online education:

At present institute is a Local Chapter of SWAYAM/NPTEL (LC 3300). Through this local Chapter institute offers/ facilitates various curriculum courses and add on courses for UG and PG students. Nearly 300 students have enrolled and completed various courses in this academic year. 257 students have received credit transfers from the affiliating university against the assigned courses. Institute is also the authorised nodal centre for Virtual Lab (NCID 200) as part of initiative taken by MHRD and IIT Mumbai. Through this virtual lab students were benefited with latest trends in experimentation in online mode. Institute also allows industry people to have their training in state-of-art laboratory setups available in the campus and also encourage them to conduct workshops and skill development programs in online mode.

Part B

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The institution has the mechanism for well planned curriculum delivery and documentation process. The Institute is affiliated to Dr. Babasaheb Ambedkar Technological University (DBATU), Lonere since 2017. The curriculum is framed by DBATU. The Institute adopts a systematic approach for effective curriculum implementation.

Every faculty member prepares a teaching plan of his/her subject in ERP software system in accordance with the Institute Academic Calendar and University Syllabus. The complete plan is provided to the students in advance and execution is monitored meticulously with the networking of subject teacher, class teacher, HOD and Director and is maintained in ERP software. The lecture conduction according to the time table is monitored by the Administrative Officer. The faculty members update their lecture conduction and student attendance in ERP after every lecture. The Director, Academic Cell Coordinator and HOD monitors the progress of curriculum implementation periodically. Faculty members maintain course file having - Course Objectives, Course Outcomes, Individual Time-Table, Teaching Plan, Assignments, Test Marks, University Question Papers, Student Attendance, and Teaching Notes. Laboratory Manuals are prepared by the faculty for their respective Labs. Classroom

teaching is supplemented by seminars, mini-projects, expert lectures, industry/field visits, iinternships, in-house and industry sponsored projects. Faculty members adopt innovative teaching practices like ICT based teaching methods, using models and simulations, blogs, video lectures, etc.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The academic calendar is given by the University at the beginning of every academic year. Based on this academic calendar, Director, Heads and Administrative Officer discuss and prepare an academic schedule of the Institute. It is then distributed to the departments. HOD allocates subjects to the faculty as per area of specialization, immediately after the end of previous semester so that faculty members get enough time for preparation of the allotted subjects. The Time Table coordinator of each department prepares Time-Table for each Class in Enterprise Resource Planning software system. Irrespective of university calendar, we start our teaching schedule even before university results to get maximum possible number of working days.

Monthly class attendance is displayed and conveyed to the students as well as parents through SMS. Continuous internal evaluation is done by conducting two Periodic tests and a Mid-semester Examination. Continuous assessment of Term Work is done. Parents are involved in the education process of their wards keeping them informed regarding their attendance and Test marks through parent meetings. Students' feedback is taken to assess the teaching-learning process. Corrective measures are taken for improvements in academics.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

Dr. Babasaheb Ambedkar Technological University provides Curriculum which covers issues like Professional Ethics, Gender, Human Values, Environment and Sustainability. Following courses are offered in various programs to cover the above issues:

BTES106: Basic Civil and Mechanical Engineering

BTHMC306: Basic Human Rights

BTXX406: Product Design Engineering

BTHM3402: Interpersonal Communication Skills & Self Development

BTHM3402: Soft Skills and Personality Development

BTHM501: Constitution of India

BTMEC605B: Sustainable Development**BTMEC606C: Human Resource Management**

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

Students getting admitted come from different socio-economic strata having different learning capabilities. The mentors identify learning levels of the students.

Due to Covid-19, the orientation program of the first year engineering students was organised online with the welcome of students, parents and dignitaries. The Director enlightened the students in keynote address. In the orientation programme, the students were informed about college achievements and significance of engineering.

The teachers provide special attention and take efforts for the slow learners. To hone communication skills and logical skills of slow learners, the Institute provides special coaching. Institute appoints faculties as mentors with an average ratio of 1:20 students. The mentors convened online meetings fortnightly to know the students' performance, issues and provide solutions. Results of under-performing students was discussed with their parents in online meetings.

For the slow learners, before the start of every unit, the pre-requisites are discussed comprehensively during online lectures.

The Institute has organised extra lectures of every subject for slow learners late admitted and for lateral entry students. Online sessions were conducted for these students. The purpose of above efforts is to prepare students to have an edge in the competitive environment with higher potentials.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Various student centric methods and techniques are adopted for enhancing learning experiences such as, project and field work, seminars, computer-assisted methods, laboratory experiments etc.

Teachers focus on creating experiences for learners and taking time to process those experiences. The reflection portion of learning encourages students to apply new life skills. Efforts are taken to shift the experience from a fun activity to long-term learning and application.

Experiential learning: The best way to engage learners in learning is through experiential learning opportunities, enabling students to explore and discover rather than just listen to lectures or reading. The learner is actively engaged in doing at their own, skill focussed and activity focused. The learner is actively engaged in posing questions, investigating, experimenting, being curious, solving problems and being creative.

Student Seminars and Summer Internship Programs are organised. Teachers make classes as interactive as possible and encourage innovative thought and novel interpretations. Audio- Visual methodology, Language Lab, Google Classroom, Industrial Visits, Field Work and Projects are used to ensure experiential and participative learning. Ability Enhancement, Generic and Skill Enhancement courses are offered to prepare students for life.

Institute level hackathons are organized to enhance the problem solving capabilities of students. Students are encouraged to participate in various project competitions.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

Use of ICTs has enhanced the quality of education in several ways. It has helped in creating the course material, sharing of course material, improved effectiveness of content delivery, and communication between learners and teachers.

For effective content delivery, various ICT tools provided are Projectors, Internet connection in each classroom, Presentation software, Smart boards etc.

In spite of Covid-19 pandemic, the Institute has used various ICT tools for conducting regular schedule and organised internal and external exams in online mode using various LMS, ERP and ICT tools.

There are on-line discussion groups on many topics of varied interest. Discussion allows open exchange of messages on a topic of common interest. It makes the interaction more interesting and also removes the monotonousness of traditional classroom situation.

In the Covid pandemic the institute has effectively used mobile learning (M-Learning), with the help of hand held technology such as Mobile Phone, Laptop and other portable devices. M-learning is convenient as it is accessible virtually from anywhere. During online mode of learning, students extensively used smart phones to acquire knowledge.

The institute has effectively used various ICT tools, LMS, ERP for conduction of online classes, seminars, online evaluation and practicals.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

Internal assessment help teachers to systematize their strategies for effective teaching and allows teacher to detect slow and fast learners, weaknesses and identify certain students' learning styles. By identifying a student's learning difficulties on a regular basis help in improving student performance. It also helps a learner to determine the areas of instruction wherein more emphasis is required.

The evaluation process of the Institute is open and thorough in terms of frequency and variety. The Director issues instructions to ensure that the evaluation process is carried out effectively and transparently. Group discussions, periodic tests, assignment submission, field trips, field work, and seminar presentations all serve as means of continuous evaluation.

In order to maintain transparency the answer books are made available to students and their grievances if any are resolved by the teacher. Students who perform poorly after an evaluation receive

individual mentoring.

Continuous and robust evaluation system emphasizes two-fold objectives such as continuity of evaluation and assessment of learning outcomes in a comprehensive manner. The students are evaluated on the basis of periodic test, mid-semester, end-semester examination and orals during the practical examination.

File Description	Documents
Any additional information	View File
Link for additional information	Nil

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

A transparent, time-bound and efficient mechanism is followed in terms of dealing with examination related grievances. The schedule for various examinations and declaration of results is communicated to the students at the beginning of the semester. In order to maintain transparency in the evaluation assessed answer books are made available to the students. Teacher resolves grievances or any error in the assessment immediately and satisfies the student's objections, if any.

In order to improve learning, the teacher discusses the expected answer to the whole class. This helps slow learners understand the concept. Internal periodic tests solutions are discussed after periodic test in the class to maintain transparency and uniformity in the assessment. Faculty evaluates the papers within a week of conduction of test and is shown to students in class. If any discrepancies are reported by the students, they are resolved by the faculty.

Assignments and lab experiments are evaluated based on the rubrics like timely submission, clarity, and neatness.

Continuous evaluation helps students to understand their strengths and areas of improvements. In a semester three internal evaluations of the project are conducted in front of the panel consisting of group of faculties and evaluated according to the shared criteria.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

Assessment and Accreditation is broadly used for understanding the 'Quality Status' of an Institute. Our Institution is following outcome-based education (OBE) since 2006, as it undergone for accreditation by National Board of Accreditation (NBA) and got accredited in 2006.

The Institution has invited experts and conducted various workshops to understand PEOs, PSOs, POs, COs and their assessment using direct and indirect method. The Institute ensures quality in curriculum with well-defined Program Outcomes (PO), Program Specific Outcomes (PSO) and Course Outcomes (CO).

Institute follows well documented process for ensuring effective implementation of curriculum. The Institute has defined and stated Course Objectives and Program Outcomes. The Program Outcomes and Program Specific Outcomes are displayed in each department and on the Institute website www.mgmcen.ac.in (<https://www.vmedulife.com/public/auth/#/login/mgm-cen-nanded>) as well as through Management information system using student/faculty login.

The following mechanism is followed by the Institution to communicate/disseminate Course Outcomes to the teachers and students.

- College website: <http://www.mgmcen.ac.in>
- Department Notice Board, Director/Principal/Vice-Principal/HOD Office and all common facilities.
- Through Management information system using student/faculty login.
- All Laboratories
- College Brochure, Departmental wall magazine, Department Newsletter.
- Display at the prominent locations of the campus.

File Description	Documents
Upload any additional information	View File
Paste link for Additional information	Nil
Upload COs for all Programmes (exemplars from Glossary)	View File

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Attainment of Course Outcomes To ensure attainment of COs, POs and PSOs every department has a Program Outcome Assessment Committee (POAC) comprising of Head of the Department and two senior faculties from the department. POAC monitors course and program attainment at the department level. Attainment of COs is continuously assessed by the course coordinator by conducting internal examinations, interacting with students in class and their overall performance throughout the semester. The course coordinator is at liberty to take corrective measures while assessing the COs through internal evaluation.

Attainment of POs and PSOs

Engineering graduates are expected to acquire technical/functional, generic and managerial competencies, and must be able to identify, analyze and give solutions to the problem. The Institute has set a mechanism to assess the program outcomes. Effective assessment uses direct and indirect, quantitative & qualitative measures as appropriate to the objective or outcome being measured.

POs are measured through CO-PO mapping based on question paper pattern, mini projects and seminars. PSOs are measured in terms of ability of the students to apply learning skills during a minor and major projects assigned by respective project coordinator.

Basic purpose of imparting quality education will be served only when teaching learning process keeps on evolving itself, resulting in creative, innovative and employable graduates.

3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

Innovation Center

In association with InnovationNext.in institute has set up an innovation center in the campus. The innovation App provided by them is the most powerful learning and development solution to transform students' ideas into productive research.

The advantages of Innovation App for Institutes are given below:

Faculty Today the education process is having no scope for the teachers to be exposed to the industrial culture. Following are the features of innovation app for faculty.

1. Creativity & Imagination
2. Innovation Capability & Skill Building
3. Industry-Academia Projects and Reducing Gaps
4. Entrepreneurs / Start-ups

Students

Students can come up with new ideas and can enjoy the most rewarding careers. We want not only the entrepreneurs but also the intrapreneurs who will keep on thinking creatively about the product.

Incubation Center

Our Institute has set up and developing an incubation Center for entrepreneurship and intrapreneurship in our premises. It aims at offering students live industry projects in the vacation and opportunities of employment after the successful completion of projects.

Our students has grabbed the opportunity to work on their three startup projects under the sponsorship of Center for Agro-Bio Innovation and Incubation Foundation at Swami RamanandTeerthMarathwada University, Nanded.

3.4 - Extension Activities

3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

The institution has set up various extension activities with an objective to sensitize the students towards the social issues and make them work for the same. This includes establishment of an environmental club-Technocrat's living in Friendship with Environment (TECH-LIFE). This club is engaged in activities related to the environmental issues of the region since 1991. The activities organized are -

- Tree plantation (on regular basis).
- Trekking expedition (minimum once or twice in a year).
- Conducting air and sound pollution checks during diwali.
- From year 2000, Nirmalya Sankalan activity is conducted during Ganpati Visarjan.
- Organizes camp for students from schools on Eco-friendly Ganpati making.

Various departments in the campus are also engaged in activities to address the social issues in the region. Civil Engineering Department students conduct traffic survey of the Nanded city and the traffic awareness program every year. Department also provides services for material testing and water testing free of cost to the citizens of Nanded.

Nirmalya sankalan activity

Members of MGM's TECHLIFE club organizes whole day activity from year 2000 named "Nirmalya Sanklan" near ASANA River in collaboration

with Nanded Municipal Corporation to collect holey offerings. This collected material then segregated to biodegradable and non-biodegradable materials.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

The Institute has a well-planned infrastructure for smooth running of all the academic, co-curricular&extra curricular activities. It promotes improvement and ensures maintenance of existing buildings. Sufficient budget is allocated to upgrade and create required infrastructure. Infrastructural facilities are focused for an effective teaching & learning process.

The Institute possess a well maintained 17.5 Acres of campus, with a nature friendly landscaped area and built up space of 13712sqm.

The state-of-the-art infrastructure with wide corridors, natural lighting & Ventilation augments and promotes a good teaching-learning environment. The adequate infrastructure facilities as per the norms of AICTE satisfy the purpose. All the classrooms and most of the laboratories are ICT facilitated. 21 classrooms& 3 A/c Seminar halls with ICT facilities, 40 Laboratories, common workshop, Central Library with Reading room, Open Auditorium (2000 capacity), Girls Common room, Canteen, Playgrounds, Boys Hostel (68 inmates), Girls Hostel (92 inmates) & Clinic/Dispensary are available in the campus.

Laboratories are with required experimental setups well equipped & focused on hands-on experience. High-end equipment is also available for student's projects and research works. Each department has space

for individual faculty, cabins for HODs, Associate Professors & Assistant Professors all with Computing & Internet facilities.

4.2 - Library as a Learning Resource

4.2.1 - Library is automated using Integrated Library Management System (ILMS)

The whole Library is spread over two floors with an area of 495 Sq.m. Library having rich books and journal collection fulfills the

academic resource needs of the students as well as faculty members providing a pleasant reading environment for students, research scholars and faculty members. Over 20 computers are available for users to access various online and other resources of the Library. Library orientation programs and other schemes have resulted into good library usage. Open access system for Periodicals, use of SOUL Library Database Management software, availability of good number of reference books and National & International (online) journals are the main resources of the Library. Library has made available more than 2000 bounded back volumes of National & International Technical Journals. NPTEL video lectures are also available for the Teachers & Students. UG projects, PG Dissertations & PhD. Thesis are also a part of the Library resources. Night Library facility is available for interested students during their exams along with refreshments for the students. Special collection of Competitive Exam Books like GATE, GRE, TOEFL, IAS, IES and Communication Skills are also provided for the students.

4.3 - IT Infrastructure

4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

The Institute provides and encourages the use of free available open educational resources like Ubuntu, LaTeX, PHP, JAVA, SQL& CC++ etc., which are shared for all teaching, learning, and research activities. These resources are available under legally recognized open licenses free, for people to reuse, revise, remix, and redistribute. These resources help to increase and enhance knowledge domain of both the faculty and the students giving them valuable information and saving their time.

Latest, Management Information System (MIS) software named CAS-ERP is utilized for all Online Accounting, Student Information, Staff Bio-metric attendance System, Budgeting, Financial transactions etc. for a smooth, efficient and paperless office as well as academic administration purposes. All the Staff & students are provided with a login by using Cyberoam for Internet accessing and security system. By using FTP server we provide software in the Campus.

Entire Campus is connected with LAN by using multi/single mode fiber optics cable with a speed of 100Mbps. All the Class rooms are

connected with CAT6 cable and all the Departments are Wi-Fi enabled. Whole Campus is under Surveillance through high resolution cameras with audio. Girls & Boys hostels are connected through LAN for free internet access to the inmates.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

The Infrastructure facilities like Land, Buildings, Water Supply, Sanitation, Stores, Electrical, Mechanical Equipment, Fire extinguishers & Power Generator are maintained by the full time Electrical, Construction & Maintenance Team as well as by staff on hire/agreement. General Cleanliness, Housekeeping, Wash rooms are also maintained by full time staff on roll. Each department is responsible to look after their Classroom & Laboratories by reporting to the Estate Office and the maintenance works are carried out regularly.

The Director, on behalf of the Management, undertake initiatives like Tree Plantation, maintaining Lawns, develop Garden & Nursery to improve the physical ambience in the College. All the above works such as Identification of the requirement, award of work, Supervision, Monitoring and Execution etc. is taken care by the Maintenance Team.

Due to the large number of computers & networking, a System Administrator and a Network administrator with their staff look after the maintenance of computers & the networking. Calibration of most of the equipment is done by the Staff of the Respective Departments rest outsourced to a Standard Organization or its authorized agents.

A team of Security Staff of 1 Chief, 1 Supervisor & 18 Security men look after the Security of entire Campus.

5.4 - Alumni Engagement

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

Name of Trust :- MGM'S COLLEGE OF ENGINEERING ALUMNI ASSOCIATION
SYNERGY NANDED (MGMCEN SYNERGY)

Registration Number : - Nanded / 0000271 / 2018

Our institute is functioning since last 38 years almost 10,000 engineers have passed out from here and are performing great in the organisation of repute in India and the world over. Our Director works almost since inceptions also many faculties having service span of 25 to 30 years in the institute.

Our Director was invited to USA by our alumni and many get together were organised here too, including International alumni meet at Noida, where our alumni reached from various countries.

We have launched a group activity of Alumni Interaction as Mentor (AIM) on 2nd October 2016. Alumni provide their Guidance and professional support to students for developing their carrier competence, also they help us to organize industrial visits, training and placement. We arranged Guest Lectures & Webinars of Alumni for the students during the lockdown. They help us lot in difficult time.

Alumni provide financial support to weaker section of students, critical cases of hospitalization and in case of any major incidence. There are social media groups through which we are in regular contact with alumni.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

The Governing council is the apex body of the Institution led by well qualified, experienced and competent professionals following AICTE norms. We all aim at delivering quality education to the students with state of art facilities.

Students and faculty participate and organize various technical competitions for exploring their creativity and innovative ideas. To inculcate research and Entrepreneurial attitude, the Innovation and Incubation centre is established. Interdisciplinary projects are encouraged.

We ensure that the Institute has the ecosystem to achieve the vision and mission for which various committees are in place. Lectures and workshops by eminent personalities from academia, industry and alumni are regularly organized to motivate the students.

We all try to be proactive in extending guidance, support and cooperation for the sustainable development of the students. Apart from good proficient engineering education the Institute also strives for imbibing human values in the students by not only teaching various courses on humanities but also organizing various activities. Commemorating National heroes on their birth anniversaries, daily National Anthem. Regular blood donation camps, activities supporting orphanage, old age homes, activities under Unnat Bharat Abhiyan and our Tech-life club activities for clean and

green environment help in inculcating human values in the students.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

The leadership is effective when every person at his/her own place leads the activity assigned. For smooth and effective functioning, the Institute promotes and practices decentralization in all academic, financial and administrative management, by forming various committees to plan, execute and monitor

Decision making power is delegated to Head of the institution i.e. the Director to look after the key areas like Institutional Strategies and Policies, Financial Matters, R&D activities, Government & Social interface, Institutional administration, University compliances, and other proceedings in the office. The Director takes care for the responsibilities with the appropriate help from HODs, faculty members and support staff. Academic Decentralization:

The Academic Cells is in place with the coordinators from every department and the HOD's for planning and effective delivery of curriculum. For continuous assessment the exam cell works at the institute and departmental level. The Director leads all the committees.

Administrative Decentralization:

The Director and HODs plan with the help of faculty members and support staff. The various administrative responsibilities such as admissions, student support, discipline, hostel management, security, housekeeping etc are taken care of by various committees.

Every element is involved in planning and execution of academic, administrative and financial management.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

For improving the overall quality of the Institution, the strategic plan for the Institute is prepared in-line with the vision and mission of the Institute by assessing stakeholder's expectations and needs of the region.

Following plans are projected considering the short term, medium term and long term development plans. The institute has student centric approach.

Strategic plan:

- University approved curriculum is strictly adhered.
- Faculty members and students are encouraged to take up short term courses.
- Quality research, Industry engagement, Entrepreneurship is encouraged.
- Alumni engagement is maintained.
- Social outreach activities are organized for helping people around.
- The activities are planned in the beginning of every academic year involving all the faculty members.
- Career Guidance and Placement Cell prepares an Action Plan to improve the placement activities.
- Based on feedback from companies, training is provided for improving students' employability.
- Development Plan is prepared considering the infrastructural needs and faculty requirements.
- Activities are planned for the performance enhancement of the faculty and students in advance.
- Every plan is finalized by the Director and HODs. HODs consult their faculty beforehand and final approval is sought from the management.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

The Institutional governance is managed through various administrative bodies. The Governing body is responsible for the operation of all aspects of the institution including its finance, human resource, educational and research functions and infrastructure arrangements

The Institution has established policies for all the important aspects of governance ensuring participation of every element. Therefore, everyone is associated with the institutional bodies and work together for the development of the Institution.

The Director as head of the institution, Vice-Principal and all HODs carry out academic administration and management. In accordance with the rules of the institution, the organizational structure and decision-making processes are in place for enhancing the overall effectiveness.

A number of committees are formed for academic, administrative, co-curricular, sports and extension activities. Some other important administrative committees are Admission Committee, Internal Quality Assurance Cell (IQAC), Training and placement cell, Time Table Committee, Examination Committee, Grievance Redressal committee, Anti-Ragging Committee, Sports committee, Cultural committee etc. A Women's Cell 'Vishakha Samiti' is formed to solve the personal and social problems of the girl students' as well as the female staff members.

The Institution follows the rules and regulations regarding appointment and service set by the University, the State Government and the AICTE.

6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has effective welfare measures for teaching and non- teaching staff

The various welfare measures deployed

Leave Benefits

- All the leave and vacation benefits as applicable are provided to teaching and non-teaching staff as per rules.
- Compensatory offs are provided if public holiday is cancelled.
- Study leave up to 3 years is provided to teaching.

Retirement Benefits

- Employees provident fund scheme is available.
- Gratuity is given to both teaching and non-teaching staff

Medical and other Benefits

- In case of emergency (critical situation) medical expenses are given
- Health Checkup Camps are regularly organized by the College
- Tie-up with local hospital for immediate medical attention at concessional rates
- Group insurance scheme for staff is available
- Staff credit cooperative society is functional for meeting the financial needs of the staff

Free-ships and Concessions

- Concession in fees is given to the Wards of employees of the Institution.
- Free-ship in fees is given to students who are not able to pay the fees due to loss of his/her guardian.
- Financial assistance is provided for higher education of the wards of the faculty
- Faculties are liberally sponsored to attend FDPs/ Conferences/Workshops/ Seminars etc for skills up-gradation.

6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

We are striving for 360 degrees feedback system, comprising of feedback from students, peers, the sub-ordinates and the superiors.

Self appraisal is submitted to the Director every semester by each teaching faculty. The appraisal form provides an insight into one's own performance in both academic and administrative activities. It comprises of the issues like attendance of the faculty, lectures conducted against the scheduled lectures, syllabus completion, paper assessment, result analysis, conferences attended, research publications etc. The self appraisal form is analyzed by the departmental heads and submitted later on to the Director desk for the remarks.

Feedback is received from the students twice, every semester evaluating the performance of the teaching faculty as well as supporting services of non-teaching staff. Every response is assessed in numeric four point scales associated with performance grading such as outstanding, excellent, good, satisfactory and not satisfactory.

The practical sessions are also evaluated by the students on the basis of questionnaire asking for the sequencing of experimental set-ups and equipment availability. Based on performance assessment by Head of the department the best teacher is selected from every department. He/she is honored in annual social gathering with medal and books worth Rs.5000/- by the Institute.

6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly Enumerate the various internal and external financial audits carried out during the year with the mechanism for settling audit objections within a maximum of 200 words

Income and expenditure of the Institute are maintained and got audited by the accountant. College Finance Committee helps for preparing budget, monitoring the fees received and the expenditure done every month. The finance committee ensures if the expenditure is being done in accordance with the provisions made in the budget with minimum possible deviations. Bank reconciliation is done every month. Financial statements giving details of the financial position are maintained every month. The persons assigned from office of the Chartered Accountant conduct the audit quarterly and annually every financial year.

The budget prepared in every financial year takes into consideration the following aspects:

- Estimated students' strength and fees receivable.
- The salary for teaching, non-teaching staff.
- Construction and maintenance of buildings,
- Purchase of equipment and software
- Research and Development activities.
- Sponsoring faculty members for Academic Enhancement.
- Purchase of books and subscriptions of journals for library.
- Payments towards recurring expenditure.
- Conducting various college functions such as Annual social Gathering, Fresher's party, Visio-Tech etc.

The institutional accounts are audited regularly by CA office and compliances are done by the Director and Accountant. Precautionary steps are taken to avoid recurrence of minor flaws if any.

6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

We are self financed un-aided Institute our prime source of income is the fees received from the students, which is approved by the Fees Regulatory Authority nominated by the State Government. The fees received are maintained in form of FD in the Bank to ensure the timely payments of the Salaries. All the expenses are done as per the provisions in the budget. The Institution with well defined mechanism always monitors the effective and efficient use of available financial resources.

We try to generate the additional funds with the help of funded research projects from various agencies like AICTE, DST, UGC and other organizations like BARC, AMUPMDC. Consultancy, testing services and organizing employee trainings for Government and other organizations provide additional ways and means for funds generation.

All financial decisions are taken by the Institute's financial committee and Governing Body. Institute adheres to utilization of

budget approved for academic and administrative expenses by management. After final approval of budget, the purchasing process is initiated by the Purchase committee lead by the Director, the quotations are called and purchase orders are placed after negotiations. Financial audit is conducted by chartered accountant for every financial year. The compliances are taken care of.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

The IQAC has immensely contributed in the implementation of quality assurance strategies and processes at all levels.

To coordinate the timely and efficient execution of the decisions of IQAC, it is monitored by the Director, IQAC Coordinator and HODs. Following are two examples of practices institutionalized:

Academic Audit through IQAC:

The academic audit of all the departments is conducted by the Institute every year through IQAC to enhance and sustain the quality of education with the help of Academic audit committee. With the implementation of academic audit, it is found out that all departments and committees have been constantly improving their curricular, co-curricular and extra-curricular performances.

Enrichment of ICT infrastructure:

Use of ICT tools has become an integral part in teaching -learning process because of the constraints imposed by pandemic. IQAC always encouraged teachers to utilize these tools in teaching. In collaboration with IIT Bombay, we have got authorized Nodal Center for conducting Online Practicals on VLAB platform. IQAC prepares the plan to enhance the use of ICT infrastructure from all departments. Online teaching-learning process:

During pandemic, the institute has immediately adopted and successfully implemented the online mode of education by using industry-standard platforms like Microsoft Teams and LMS platforms.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

The IQAC holds meetings with the Director and HODs periodically to review the progress of academic activities such as implementation of academic calendar, the number of classes held, syllabi covered, Internal Examination conduction, etc. and also to identify bottlenecks.

While designing the course syllabus, the Course Outcomes(COs), Program Outcomes(POs) and Program Specific Outcomes(PSO) are the basis. Also, teaching plans prepared, classroom and laboratory sessions conducted, and all question papers set for examinations are in concordance with COs, POs and PSOs. This is all based on Blooms Taxonomy.

Attainment levels of COs is calculated based on scores of students for respective questions in examinations with the help of software. Enhancements in the attainment levels is always focused.

Feedback is collected from students on teaching - learning process at the end of each semester. The information obtained is analysed for necessary improvements and communicated to the concerned.

The performance of the students in end-semester university examination is evaluated and reviewed. Result analysis is prepared for evaluation of the student performance. The problems and difficulties of the students in each subject, facilities required, strategies for improvement and practical solutions are discussed. The gap between the learner's needs and the teacher's expectations are sorted.

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

Annual gender sensitization action plan:

Safety measures are always observed in the Girls' Hostel and Campus. Adequate facilities are provided to the girls and are motivated for their social responsibilities. Lectures of eminent personalities on various topics are held for the students to develop their personalities.

Anti-ragging Committee and Grievance Redressal Committee, Vishakha Committee are in place.

Objectives

- 1) To take active steps to establish gender balance in decision-making processes in all the Institute activities.
- 2) To examine the policies offered in the Institute towards the needs and

Interests of both genders.

A) Safety and security

To ensure a safe campus and a secured environment

- The entire campus is under CCTV surveillance
- Emergency exit staircase connecting all the floors.
- 24x7 Security personnel are available in the Campus.

B) Counseling

The Institute always took initiative to nurture a healthy environment. A separate Counseling Cell is one of such initiatives active in the campus.

C) Common Rooms

The Institute has well furnished, clean and hygienic girls' common room. It has an electric sanitary napkin vending machine installed.

.

D) Gender Equity initiatives:

The Institution has a policy of flexible seating arrangements in the classes without any discrimination between genders.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

The Institute aims at extracting the maximum practical benefits from waste products and to generate comparatively a minimal amount of waste.

Solid waste management

Institute practices the segregation of solid waste and its effective management in the campus. The collected waste is segregated at the source of the generation. The waste bins are placed separately for dry and wet waste at every corner of the corridor, wash rooms and common rooms. The dry waste bins are also placed in laboratories, library, classrooms, etc.

Incineration - Incineration of waste materials converts the waste into ash and heat. Most of our Institute organic wastes are disposed by incinerating.

Compost - Organic materials such as vegetable peelings, dry leaves

etc are used to make compost.

Liquid waste management:

The Institute sewage consists mostly of grey water, and black water; soaps and detergents which are connected to septic tank through let pipes. Lab liquid wastes are allowed to flow towards the garbage disposal pit.

Electronic waste management:

Electronic waste like telecommunication waste, electrical waste, metal waste, circuit boards, socket connectors, PVC, insulated copper wires, and aluminum cable etc. are sent to the authorized recycling unit for proper disposal.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities (within 200 words).

Institution considers all its students and employees as a MGM family and strongly believes in the well-being of all its family members. Institution provides moral and financial support to all its employees in the emergency situations. During the Covid-19 pandemic situation, Institution has helped financially not only to its employees and students but also to other people in the Nanded district.

Uniform fosters a sense of solidarity among students; our students wear the uniform to maintain the tolerance which plays an important role in promoting social equality among students in the campus. Economically weaker students are provided with financial support.

Treating all faculties like family members, we greet and wish each other on different festivals and invite them to have a feast to get introduced with ones culture to have amicable relations and to maintain a religious, social and communal harmony.

On the occasion of our annual social gathering JHANKAAR, we organize a special cultural night Mrudgandh where the students showcase cultural variations of different states in India through songs, folk dances, traditional dresses etc. Such activity develops the tolerance and harmony towards cultural, regional, linguistic, communal socio-economic and creates the inclusive environment in the society.

7.1.9 - Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

The norms, requisites and standards of educating the leaders of tomorrow are changing dynamically and it is imperative for an Institution to keep up with the times to ensure a radical difference in the landscape of education. On that Principle, the Core Values and Purpose of our Institution is to provide:

Transparency: We continuously assess and enhance our policies, establish and impart characterized and explained objectives and targets, ensure that our work increases the value of the Institute and our society.

Excellence :Our educational programs provide the highest level of academic excellence, we exhibit quality in terms of staff, facilities, programs and services, Encourage creativity and innovation, Encourage Interdepartmental collaboration.

Accountability: Through systematic education program, we prepare leaders and responsible global citizens, take responsibility for personal and professional growth, evaluate and improve our systems and policies continuously.

Diversity: Similarities and differences are opportunities for establishing a common bond and strengthening the Institute. Institute recognizes, appreciate and celebrate the strength of diversity such as Cultural diversity, Religious diversity and Gender diversity.

Respect: Institute recognizes the expertise of staff and Encourages Individual contribution. Treat staff and students with dignity and encourage feelings of self-worth. Promote trust through professional courtesy and fair treatment.

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Participative Decision Making: Decision-making is critical component of every Organization's day-to-day functioning. While making the department's budget, delegating tasks or implementing a new strategy and functional decision making, the Institutional Head involves every element of the organization in the decision making process. Delegation of responsibility leads to better decision-making.

Participation in the decision-making process gives each employee the opportunity to voice their opinions, and to share their knowledge with others. Different cells are created by the Head of the Institute for effective functioning at various levels. Proper authority and responsibility is delegated to every member. Every faculty is allowed to take decision on its own at operational level.

Training and Placement activity: T&P cell plays a major role in defining the career goals for the students. It's a twofold activity, training of students and providing them suitable job opportunities. T&P cell takes feedback from the Interviewers and accordingly the training programs are refined and improved on continuous basis. This has given us considerable improvements in the placements over the years. T&P impart Aptitude and Technical training like Programming in Python, C, C++, 3D printing, Robot, CMM, CNC, PCB Design Machine, Embedded system, VLSI design, Antenna design and Personality development.

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

MGM Institute has a distinctiveness in creating the support system for students, faculty and also for social cause with the involvement of all the elements of the Institution creating a spirit of unity. MGM organizes free Medical camps for patients from nearby villages. Serious patients are taken to MGM medical hospital to Mumbai. Institute has a MoU with Local Hospital for medical help 24 x 7. Staff members were given adequate financial and medical help by the Institute during Covid-19. An alumni fund is created with registered Alumni Association and the needy alumni are helped, as and when required.

The wards of the diseased faculty members are provided with

free education in the Institute and also provided with necessary support for higher education. The first relation in the family of the diseased staff is provided with suitable employment in the establishment. The concession is provided for the ward of staff proportionate to his/her salary, lower the salary higher is the concession in fees. Fund raising activity is done for deserving causes. During the pandemic our Institute contributed one day salary of our staff to PM Cares fund and to Chief Minister's fund, which amounted to be INR 5,00,000.

Part B

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The institution has the mechanism for well planned curriculum delivery and documentation process. The Institute is affiliated to Dr. Babasaheb Ambedkar Technological University (DBATU), Lonere since 2017. The curriculum is framed by DBATU. The Institute adopts a systematic approach for effective curriculum implementation.

Every faculty member prepares a teaching plan of his/her subject in ERP software system in accordance with the Institute Academic Calendar and University Syllabus. The complete plan is provided to the students in advance and execution is monitored meticulously with the networking of subject teacher, class teacher, HOD and Director and is maintained in ERP software. The lecture conduction according to the time table is monitored by the Administrative Officer. The faculty members update their lecture conduction and student attendance in ERP after every lecture. The Director, Academic Cell Coordinator and HOD monitors the progress of curriculum implementation periodically. Faculty members maintain course file having - Course Objectives, Course Outcomes, Individual Time-Table, Teaching Plan, Assignments, Test Marks, University Question Papers, Student Attendance, and Teaching Notes. Laboratory Manuals are prepared by the faculty for their respective Labs. Classroom teaching is supplemented by seminars, mini-projects, expert lectures, industry/field visits, internships, in-house and industry sponsored projects. Faculty members adopt innovative teaching practices like ICT based teaching methods, using models and simulations, blogs, video lectures, etc.

File Description	Documents
Upload relevant supporting document	View File
Link for Additional information	Nil

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The academic calendar is given by the University at the beginning of every academic year. Based on this academic calendar, Director, Heads and Administrative Officer discuss and prepare an academic schedule of the Institute. It is then distributed to the departments. HOD allocates subjects to the faculty as per area of specialization, immediately after the end of previous semester so that faculty members get enough time for preparation of the allotted subjects. The Time Table coordinator of each department prepares Time-Table for each Class in Enterprise Resource Planning software system. Irrespective of university calendar, we start our teaching schedule even before university results to get maximum possible number of working days.

Monthly class attendance is displayed and conveyed to the students as well as parents through SMS. Continuous internal evaluation is done by conducting two Periodic tests and a Mid-semester Examination. Continuous assessment of Term Work is done. Parents are involved in the education process of their wards keeping them informed regarding their attendance and Test marks through parent meetings. Students' feedback is taken to assess the teaching-learning process. Corrective measures are taken for improvements in academics.

2.2 - Catering to Student Diversity	
2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners	
Students getting admitted come from different socio-economic strata having different learning capabilities. The mentors identify learning levels of the students.	

Due to Covid-19, the orientation program of the first year engineering students was organised online with the welcome of students, parents and dignitaries. The Director enlightened the students in keynote address. In the orientation programme, the students were informed about college achievements and significance of engineering.

The teachers provide special attention and take efforts for the slow learners. To hone communication skills and logical skills of slow learners, the Institute provides special coaching. Institute appoints faculties as mentors with an average ratio of 1:20 students. The mentors convened online meetings fortnightly to know the students' performance, issues and provide solutions. Results of under-performing students was discussed with their parents in online meetings.

For the slow learners, before the start of every unit, the pre-requisites are discussed comprehensively during online lectures.

The Institute has organised extra lectures of every subject for slow learners late admitted and for lateral entry students. Online sessions were conducted for these students. The purpose of above efforts is to prepare students to have an edge in the competitive environment with higher potentials.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Various student centric methods and techniques are adopted for enhancing learning experiences such as, project and field work, seminars, computer-assisted methods, laboratory experiments etc.

Teachers focus on creating experiences for learners and taking time to process those experiences. The reflection portion of learning encourages students to apply new life skills. Efforts are taken to shift the experience from a fun activity to long-term learning and application.

Experiential learning: The best way to engage learners in learning is through experiential learning opportunities, enabling students to explore and discover rather than just listen to lectures or reading. The learner is actively engaged in doing at their own, skill focussed and activity focused. The learner is actively engaged in posing questions, investigating, experimenting, being curious, solving problems and being creative.

Student Seminars and Summer Internship Programs are organised. Teachers make classes as interactive as possible and encourage innovative thought and novel interpretations. Audio- Visual methodology, Language Lab, Google Classroom, Industrial Visits, Field Work and Projects are used to ensure experiential and participative learning. Ability Enhancement, Generic and Skill Enhancement courses are offered to prepare students for life. Institute level hackathons are organized to enhance the problem solving capabilities of students. Students are encouraged to participate in various project competitions.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

Use of ICTs has enhanced the quality of education in several ways. It has helped in creating the course material, sharing of course material, improved effectiveness of content delivery, and communication between learners and teachers.

For effective content delivery, various ICT tools provided are

Projectors, Internet connection in each classroom, Presentation software, Smart boards etc.

In spite of Covid-19 pandemic, the Institute has used various ICT tools for conducting regular schedule and organised internal and external exams in online mode using various LMS, ERP and ICT tools.

There are on-line discussion groups on many topics of varied interest. Discussion allows open exchange of messages on a topic of common interest. It makes the interaction more interesting and also removes the monotonousness of traditional classroom situation.

In the Covid pandemic the institute has effectively used mobile learning (M-Learning), with the help of hand held technology such as Mobile Phone, Laptop and other portable devices. M-learning is convenient as it is accessible virtually from anywhere. During online mode of learning, students extensively used smart phones to acquire knowledge.

The institute has effectively used various ICT tools, LMS, ERP for conduction of online classes, seminars, online evaluation and practicals.

2.5 - Evaluation Process and Reforms	
2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.	
<p>Internal assessment help teachers to systematize their strategies for effective teaching and allows teacher to detect slow and fast learners, weaknesses and identify certain students' learning styles. By identifying a student's learning difficulties on a regular basis help in improving student performance. It also helps a learner to determine the areas of instruction wherein more emphasis is required.</p> <p>The evaluation process of the Institute is open and thorough in terms of frequency and variety. The Director issues instructions to ensure that the evaluation process is carried out effectively and transparently. Group discussions, periodic tests, assignment submission, field trips, field work, and seminar presentations all serve as means of continuous evaluation.</p> <p>In order to maintain transparency the answer books are made available to students and their grievances if any are resolved by the teacher. Students who perform poorly after an evaluation receive individual mentoring.</p> <p>Continuous and robust evaluation system emphasizes two-fold objectives such as continuity of evaluation and assessment of learning outcomes in a comprehensive manner. The students are evaluated on the basis of periodic test, mid-semester, end-semester examination and orals during the practical examination.</p>

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

A transparent, time-bound and efficient mechanism is followed in terms of dealing with examination related grievances. The schedule for various examinations and declaration of results is communicated to the students at the beginning of the semester. In order to maintain transparency in the evaluation assessed answer books are made available to the students. Teacher resolves grievances or any error in the assessment immediately and satisfies the student's objections, if any.

In order to improve learning, the teacher discusses the expected answer to the whole class. This helps slow learners understand the concept. Internal periodic tests solutions are discussed after periodic test in the class to maintain transparency and uniformity in the assessment. Faculty evaluates the papers within a week of conduction of test and is shown to students in class. If any discrepancies are reported by the students, they are resolved by the faculty.

Assignments and lab experiments are evaluated based on the rubrics like timely submission, clarity, and neatness.

Continuous evaluation helps students to understand their strengths and areas of improvements. In a semester three internal evaluations of the project are conducted in front of the panel consisting of group of faculties and evaluated according to the shared criteria.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

Assessment and Accreditation is broadly used for understanding the 'Quality Status' of an Institute. Our Institution is following outcome-based education (OBE) since 2006, as it undergone for accreditation by National Board of Accreditation (NBA) and got accredited in 2006.

The Institution has invited experts and conducted various workshops to understand PEOs, PSOs, POs, COs and their assessment using direct and indirect method. The Institute ensures quality in curriculum with well-defined Program Outcomes (PO), Program Specific Outcomes (PSO) and Course Outcomes (CO).

Institute follows well documented process for ensuring effective implementation of curriculum. The Institute has defined and stated Course Objectives and Program Outcomes. The Program Outcomes and Program Specific Outcomes are displayed in each department and on the Institute website www.mgmcen.ac.in (<https://www.vmedulife.com/public/auth/#/login/mgm-cen-nanded>) as well as through Management information system using student/faculty login.

The following mechanism is followed by the Institution to communicate/disseminate Course Outcomes to the teachers and students.

- College website: <http://www.mgmcen.ac.in>
- Department Notice Board, Director/Principal/Vice-Principal/HOD Office and all common facilities.
- Through Management information system using student/faculty login.
- All Laboratories
- College Brochure, Departmental wall magazine, Department Newsletter.
- Display at the prominent locations of the campus.

Upload COs for all Programmes (exemplars from Glossary)	View File

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Attainment of Course Outcomes To ensure attainment of COs, POs and PSOs every department has a Program Outcome Assessment Committee (POAC) comprising of Head of the Department and two senior faculties from the department. POAC monitors course and

program attainment at the department level. Attainment of COs is continuously assessed by the course coordinator by conducting internal examinations, interacting with students in class and their overall performance throughout the semester. The course coordinator is at liberty to take corrective measures while assessing the COs through internal evaluation.

Attainment of POs and PSOs

Engineering graduates are expected to acquire technical/functional, generic and managerial competencies, and must be able to identify, analyze and give solutions to the problem. The Institute has set a mechanism to assess the program outcomes. Effective assessment uses direct and indirect, quantitative & qualitative measures as appropriate to the objective or outcome being measured.

POs are measured through CO-PO mapping based on question paper pattern, mini projects and seminars. PSOs are measured in terms of ability of the students to apply learning skills during a minor and major projects assigned by respective project coordinator.

Basic purpose of imparting quality education will be served only when teaching learning process keeps on evolving itself, resulting in creative, innovative and employable graduates.

3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

Innovation Center

In association with InnovatioNext.in institute has set up an innovation center in the campus. The innovation App provided by them is the most powerful learning and development solution to transform students' ideas into productive research.

The advantages of Innovation App for Institutes are given below:

Faculty Today the education process is having no scope for the teachers to be exposed to the industrial culture. Following are the features of innovation app for faculty.

1. Creativity & Imagination
2. Innovation Capability & Skill Building

3. Industry-Academia Projects and Reducing Gaps

4. Entrepreneurs / Start-ups

Students

Students can come up with new ideas and can enjoy the most rewarding careers. We want not only the entrepreneurs but also the intrapreneurs who will keep on thinking creatively about the product.

Incubation Center

Our Institute has set up and developing an incubation Center for entrepreneurship and intrapreneurship in our premises. It aims at offering students live industry projects in the vacation and opportunities of employment after the successful completion of projects.

Our students has grabbed the opportunity to work on their three startup projects under the sponsorship of Center for Agro-Bio Innovation and Incubation Foundation at Swami RamanandTeerthMarathwada University, Nanded.

3.4 - Extension Activities

3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

The institution has set up various extension activities with an objective to sensitize the students towards the social issues and make them work for the same. This includes establishment of an environmental club-Technocrat's living in Friendship with Environment (TECH-LIFE). This club is engaged in activities related to the environmental issues of the region since 1991. The activities organized are -

- Tree plantation (on regular basis).
- Trekking expedition (minimum once or twice in a year).
- Conducting air and sound pollution checks during diwali.
- From year 2000, Nirmalya Sankalan activity is conducted during Ganpati Visarjan.
- Organizes camp for students from schools on Eco-friendly Ganpati making.

Various departments in the campus are also engaged in activities to address the social issues in the region. Civil Engineering Department students conduct traffic survey of the Nanded city and the traffic awareness program every year. Department also provides services for material testing and water testing free of cost to the citizens of Nanded.

Nirmalya sankalan activity

Members of MGM's TECHLIFE club organizes whole day activity from year 2000 named "Nirmalya Sanklan" near ASANA River in collaboration with Nanded Municipal Corporation to collect holey offerings. This collected material then segregated to biodegradable and non-biodegradable materials.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

The Institute has a well-planned infrastructure for smooth running of all the academic, co-curricular & extra curricular activities. It promotes improvement and ensures maintenance of existing buildings. Sufficient budget is allocated to upgrade and create required infrastructure. Infrastructural facilities are focused for an effective teaching & learning process.

The Institute possess a well maintained 17.5 Acres of campus, with a nature friendly landscaped area and built up space of 13712sqm.

The state-of-the-art infrastructure with wide corridors, natural lighting & Ventilation augments and promotes a good teaching-learning environment. The adequate infrastructure facilities as per the norms of AICTE satisfy the purpose. All the classrooms and most of the laboratories are ICT facilitated. 21 classrooms & 3 A/c Seminar halls with ICT facilities, 40 Laboratories, common workshop, Central Library with Reading room, Open Auditorium (2000 capacity), Girls Common room, Canteen, Playgrounds, Boys Hostel (68 inmates), Girls Hostel (92 inmates) & Clinic/Dispensary are available in the campus.

Laboratories are with required experimental setups well equipped & focused on hands-on experience. High-end equipment is also available for student's projects and research works. Each department has space for individual faculty, cabins for HODs, Associate Professors & Assistant Professors all with Computing & Internet facilities.

4.1.2 - The Institution has adequate facilities for cultural activities, sports, games (indoor, outdoor), gymnasium, yoga centre etc.

The students are encouraged constantly to involve in Extra-

curricular activities like Indoor & Outdoor Sports, Cultural Activities, Tree Plantation, Campus cleaning, Social service, Social awareness, Communication skill development, Spiritual, Health & Hygiene Consciousness and many Knowledge acquiring competitions etc.

A Spacious 7.45 Acre open space is available as Playground for games like Cricket, Football, Volleyball, Kabaddi & Tennis etc. Facilities for Indoor sports like Table Tennis, Chess and Carom etc. are also provided inside the Campus. All Indoor & Outdoor sports facilities are freely accessible to all the students of the Institute

4.2 - Library as a Learning Resource

4.2.1 - Library is automated using Integrated Library Management System (ILMS)

The whole Library is spread over two floors with an area of 495 Sq.m. Library having rich books and journal collection fulfills the academic resource needs of the students as well as faculty members providing a pleasant reading environment for students, research scholars and faculty members. Over 20 computers are available for users to access various online and other resources of the Library. Library orientation programs and other schemes have resulted into good library usage. Open access system for Periodicals, use of SOUL Library Database Management software, availability of good number of reference books and National & International (online) journals are the main resources of the Library. Library has made available more than 2000 bounded back volumes of National & International Technical Journals. NPTEL video lectures are also available for the Teachers & Students. UG

projects, PG Dissertations & PhD. Thesis are also a part of the Library resources. Night Library facility is available for interested students during their exams along with refreshments for the students. Special collection of Competitive Exam Books like GATE, GRE, TOEFL, IAS, IES and Communication Skills are also provided for the students.

4.3 - IT Infrastructure**4.3.1 - Institution frequently updates its IT facilities including Wi-Fi**

The Institute provides and encourages the use of free available open educational resources like Ubuntu, LaTeX, PHP, JAVA, SQL& CC++ etc., which are shared for all teaching, learning, and research activities. These resources are available under legally recognized open licenses free, for people to reuse, revise, remix, and redistribute. These resources help to increase and enhance knowledge domain of both the faculty and the students giving them valuable information and saving their time.

Latest, Management Information System (MIS) software named CAS-ERP is utilized for all Online Accounting, Student Information, Staff Bio-metric attendance System, Budgeting, Financial transactions etc. for a smooth, efficient and paperless office as well as academic administration purposes. All the Staff & students are provided with a login by using Cyberoam for Internet accessing and security system. By using FTP server we provide software in the Campus.

Entire Campus is connected with LAN by using multi/single mode fiber optics cable with a speed of 100Mbps. All the Class rooms are connected with CAT6 cable and all the Departments are Wi-Fi enabled. Whole Campus is under Surveillance through high resolution cameras with audio. Girls & Boys hostels are connected through LAN for free internet access to the inmates.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

The Infrastructure facilities like Land, Buildings, Water Supply, Sanitation, Stores, Electrical, Mechanical Equipment, Fire extinguishers & Power Generator are maintained by the full time Electrical, Construction & Maintenance Team as well as by staff on hire/agreement. General Cleanliness, Housekeeping, Wash rooms are also maintained by full time staff on roll. Each department is responsible to look after their Classroom & Laboratories by reporting to the Estate Office and the maintenance works are carried out regularly.

The Director, on behalf of the Management, undertake initiatives like Tree Plantation, maintaining Lawns, develop Garden & Nursery to improve the physical ambience in the College. All the above works such as Identification of the requirement, award of work, Supervision, Monitoring and Execution etc. is taken care by the Maintenance Team.

Due to the large number of computers & networking, a System Administrator and a Network administrator with their staff look after the maintenance of computers & the networking. Calibration of most of the equipment is done by the Staff of the Respective Departments rest outsourced to a Standard Organization or its authorized agents.

A team of Security Staff of 1 Chief, 1 Supervisor & 18 Security men look after the Security of entire Campus.

5.4 - Alumni Engagement

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

Name of Trust :- MGM'S COLLEGE OF ENGINEERING ALUMNI ASSOCIATION SYNERGY NANDED (MGMCEN SYNERGY)

Registration Number : - Nanded / 0000271 / 2018

Our institute is functioning since last 38 years almost 10,000 engineers have passed out from here and are performing great in the organisation of repute in India and the world over. Our Director works almost since inception also many faculties having service span of 25 to 30 years in the institute.

Our Director was invited to USA by our alumni and many get together were organised here too, including International alumni meet at Noida, where our alumni reached from various countries.

We have launched a group activity of Alumni Interaction as Mentor (AIM) on 2nd October 2016. Alumni provide their Guidance and professional support to students for developing their carrier competence, also they help us to organize industrial visits, training and placement. We arranged Guest Lectures & Webinars of Alumni for the students during the lockdown. They help us lot in difficult time.

Alumni provide financial support to weaker section of students, critical cases of hospitalization and in case of any major incidence. There are social media groups through which we are in regular contact with alumni.

5.4.2 - Alumni contribution during the year (INR in Lakhs)

A. ? 5Lakhs

File Description	Documents
Upload any additional information	View File

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

The Governing council is the apex body of the Institution led by well qualified, experienced and competent professionals following AICTE norms. We all aim at delivering quality education to the students with state of art facilities.

Students and faculty participate and organize various technical competitions for exploring their creativity and innovative ideas. To inculcate research and Entrepreneurial attitude, the Innovation and Incubation centre is established. Interdisciplinary projects are encouraged.

We ensure that the Institute has the ecosystem to achieve the vision and mission for which various committees are in place. Lectures and workshops by eminent personalities from academia, industry and alumni are regularly organized to motivate the students.

We all try to be proactive in extending guidance, support and cooperation for the sustainable development of the students. Apart from good proficient engineering education the Institute also strives for imbibing human values in the students by not only teaching various courses on humanities but also organizing various activities. Commemorating National heroes on their birth anniversaries, daily National Anthem. Regular blood donation camps, activities supporting orphanage, old age homes, activities

under Unnat Bharat Abhiyan and our Tech-life club activities for clean and green environment help in inculcating human values in the students.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

The leadership is effective when every person at his/her own place leads the activity assigned. For smooth and effective functioning, the Institute promotes and practices decentralization in all academic, financial and administrative management, by forming various committees to plan, execute and monitor

Decision making power is delegated to Head of the institution i.e. the Director to look after the key areas like Institutional Strategies and Policies, Financial Matters, R&D activities, Government & Social interface, Institutional administration, University compliances, and other proceedings in the office. The Director takes care for the responsibilities with the appropriate help from HODs, faculty members and support staff. Academic Decentralization:

The Academic Cells is in place with the coordinators from every department and the HOD's for planning and effective delivery of curriculum. For continuous assessment the exam cell works at the institute and departmental level. The Director leads all the committees.

Administrative Decentralization:

The Director and HODs plan with the help of faculty members and support staff. The various administrative responsibilities such as admissions, student support, discipline, hostel management, security, housekeeping etc are taken care of by various committees.

Every element is involved in planning and execution of academic, administrative and financial management.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

For improving the overall quality of the Institution, the strategic plan for the Institute is prepared in-line with the vision and mission of the Institute by assessing stakeholder's expectations and needs of the region.

Following plans are projected considering the short term, medium term and long term development plans. The institute has student centric approach.

Strategic plan:

- University approved curriculum is strictly adhered.
- Faculty members and students are encouraged to take up short term courses.
- Quality research, Industry engagement, Entrepreneurship is encouraged.
- Alumni engagement is maintained.
- Social outreach activities are organized for helping people around.
- The activities are planned in the beginning of every academic year involving all the faculty members.
- Career Guidance and Placement Cell prepares an Action Plan to improve the placement activities.
- Based on feedback from companies, training is provided for improving students' employability.
- Development Plan is prepared considering the infrastructural needs and faculty requirements.
- Activities are planned for the performance enhancement of the faculty and students in advance.
- Every plan is finalized by the Director and HODs. HODs consult their faculty beforehand and final approval is sought from the management.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

The Institutional governance is managed through various administrative bodies. The Governing body is responsible for the operation of all aspects of the institution including its finance, human resource, educational and research functions and infrastructure arrangements

The Institution has established policies for all the important aspects of governance ensuring participation of every element. Therefore, everyone is associated with the institutional bodies and work together for the development of the Institution.

The Director as head of the institution, Vice-Principal and all HODs carry out academic administration and management. In accordance with the rules of the institution, the organizational structure and decision-making processes are in place for enhancing the overall effectiveness.

A number of committees are formed for academic, administrative, co-curricular, sports and extension activities. Some other important administrative committees are Admission Committee, Internal Quality Assurance Cell (IQAC), Training and placement cell, Time Table Committee, Examination Committee, Grievance Redressal committee, Anti-Ragging Committee, Sports committee, Cultural committee etc. A Women's Cell 'Vishakha Samiti' is formed to solve the personal and social problems of the girl students' as well as the female staff members.

The Institution follows the rules and regulations regarding appointment and service set by the University, the State Government and the AICTE.

6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has effective welfare measures for teaching and non- teaching staff

The various welfare measures deployed

Leave Benefits

- All the leave and vacation benefits as applicable are provided to teaching and non-teaching staff as per rules.
- Compensatory offs are provided if public holiday is cancelled.
- Study leave up to 3 years is provided to teaching.

Retirement Benefits

- Employees provident fund scheme is available.
- Gratuity is given to both teaching and non-teaching staff

Medical and other Benefits

- In case of emergency (critical situation) medical expenses are given
- Health Checkup Camps are regularly organized by the College
- Tie-up with local hospital for immediate medical attention at concessional rates
- Group insurance scheme for staff is available
- Staff credit cooperative society is functional for meeting the financial needs of the staff

Free-ships and Concessions

- Concession in fees is given to the Wards of employees of the Institution.
- Free-ship in fees is given to students who are not able to pay the fees due to loss of his/her guardian.
- Financial assistance is provided for higher education of the wards of the faculty
- Faculties are liberally sponsored to attend FDPs/ Conferences/Workshops/ Seminars etc for skills up-gradation.

6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

We are striving for 360 degrees feedback system, comprising of feedback from students, peers, the sub-ordinates and the superiors.

Self appraisal is submitted to the Director every semester by each teaching faculty. The appraisal form provides an insight into one's own performance in both academic and administrative activities. It comprises of the issues like attendance of the faculty, lectures conducted against the scheduled lectures, syllabus completion, paper assessment, result analysis, conferences attended, research publications etc. The self appraisal form is analyzed by the departmental heads and submitted later on to the Director desk for the remarks.

Feedback is received from the students twice, every semester evaluating the performance of the teaching faculty as well as supporting services of non-teaching staff. Every response is assessed in numeric four point scales associated with performance grading such as outstanding, excellent, good, satisfactory and not satisfactory.

The practical sessions are also evaluated by the students on the basis of questionnaire asking for the sequencing of experimental set-ups and equipment availability. Based on performance assessment by Head of the department the best teacher is selected from every department. He/she is honored in annual social gathering with medal and books worth Rs.5000/- by the Institute.

6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly Enumerate the various internal and external financial audits carried out during the year with the mechanism for settling audit objections within a maximum of 200 words

Income and expenditure of the Institute are maintained and got audited by the accountant. College Finance Committee helps for preparing budget, monitoring the fees received and the expenditure done every month. The finance committee ensures if the expenditure is being done in accordance with the provisions made in the budget with minimum possible deviations. Bank reconciliation is done every month. Financial statements giving details of the financial position are maintained every month. The persons assigned from office of the Chartered Accountant conduct the audit quarterly and annually every financial year.

The budget prepared in every financial year takes into consideration the following aspects:

- Estimated students' strength and fees receivable.
- The salary for teaching, non-teaching staff.
- Construction and maintenance of buildings,
- Purchase of equipment and software
- Research and Development activities.
- Sponsoring faculty members for Academic Enhancement.
- Purchase of books and subscriptions of journals for library.
- Payments towards recurring expenditure.
- Conducting various college functions such as Annual social Gathering, Fresher's party, Visio-Tech etc.

The institutional accounts are audited regularly by CA office and compliances are done by the Director and Accountant. Precautionary steps are taken to avoid recurrence of minor flaws if any.

6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

We are self financed un-aided Institute our prime source of income is the fees received from the students, which is approved by the Fees Regulatory Authority nominated by the State Government. The fees received are maintained in form of FD in the Bank to ensure the timely payments of the Salaries. All the expenses are done as per the provisions in the budget. The Institution with well defined mechanism always monitors the effective and efficient use of available financial resources.

We try to generate the additional funds with the help of funded research projects from various agencies like AICTE, DST, UGC and other organizations like BARC, AMUPMDC. Consultancy, testing services and organizing employee trainings for Government and other organizations provide additional ways and means for funds generation.

All financial decisions are taken by the Institute's financial committee and Governing Body. Institute adheres to utilization of

budget approved for academic and administrative expenses by management. After final approval of budget, the purchasing process is initiated by the Purchase committee lead by the Director, the quotations are called and purchase orders are placed after negotiations. Financial audit is conducted by chartered accountant for every financial year. The compliances are taken care of.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

The IQAC has immensely contributed in the implementation of quality assurance strategies and processes at all levels.

To coordinate the timely and efficient execution of the decisions of IQAC, it is monitored by the Director, IQAC Coordinator and HODs. Following are two examples of practices institutionalized:

Academic Audit through IQAC:

The academic audit of all the departments is conducted by the Institute every year through IQAC to enhance and sustain the quality of education with the help of Academic audit committee. With the implementation of academic audit, it is found out that all departments and committees have been constantly improving their curricular, co-curricular and extra-curricular performances.

Enrichment of ICT infrastructure:

Use of ICT tools has become an integral part in teaching -learning process because of the constraints imposed by pandemic. IQAC always encouraged teachers to utilize these tools in teaching. In collaboration with IIT Bombay, we have got authorized Nodal Center for conducting Online Practicals on VLAB platform. IQAC prepares the plan to enhance the use of ICT

infrastructure from all departments. Online teaching-learning process:

During pandemic, the institute has immediately adopted and successfully implemented the online mode of education by using industry-standard platforms like Microsoft Teams and LMS platforms.

Paste link for additional information	http://www.mgmcen.ac.in/naac-info.aspx
Upload any additional information	View File

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

The IQAC holds meetings with the Director and HODs periodically to review the progress of academic activities such as implementation of academic calendar, the number of classes held, syllabi covered, Internal Examination conduction, etc. and also to identify bottlenecks.

While designing the course syllabus, the Course Outcomes(COs), Program Outcomes(POs) and Program Specific Outcomes(PSO) are the basis. Also, teaching plans prepared, classroom and laboratory sessions conducted, and all question papers set for examinations are in concordance with COs, POs and PSOs. This is all based on Blooms Taxonomy.

Attainment levels of COs is calculated based on scores of students for respective questions in examinations with the help of software. Enhancements in the attainment levels is always focused.

Feedback is collected from students on teaching - learning process at the end of each semester. The information obtained is analysed for necessary improvements and communicated to the concerned.

The performance of the students in end-semester university examination is evaluated and reviewed. Result analysis is prepared for evaluation of the student performance. The problems and difficulties of the students in each subject, facilities

required, strategies for improvement and practical solutions are discussed. The gap between the learner's needs and the teacher's expectations are sorted.

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

Annual gender sensitization action plan:

Safety measures are always observed in the Girls' Hostel and Campus. Adequate facilities are provided to the girls and are motivated for their social responsibilities. Lectures of eminent personalities on various topics are held for the students to develop their personalities.

Anti-ragging Committee and Grievance Redressal Committee, Vishakha Committee are in place.

Objectives

1) To take active steps to establish gender balance in decision-making processes in all the Institute activities.

2) To examine the policies offered in the Institute towards the needs and

Interests of both genders.

A) Safety and security

To ensure a safe campus and a secured environment

- The entire campus is under CCTV surveillance
- Emergency exit staircase connecting all the floors.
- 24x7 Security personnel are available in the Campus.

B) Counseling

The Institute always took initiative to nurture a healthy environment. A separate Counseling Cell is one of such initiatives active in the campus.

C) Common Rooms

The Institute has well furnished, clean and hygienic girls' common room. It has an electric sanitary napkin vending machine installed. .

D) Gender Equity initiatives:

The Institution has a policy of flexible seating arrangements in the classes without any discrimination between genders.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management	
<p>The Institute aims at extracting the maximum practical benefits from waste products and to generate comparatively a minimal amount of waste.</p> <p>Solid waste management</p> <p>Institute practices the segregation of solid waste and its effective management in the campus. The collected waste is segregated at the source of the generation. The waste bins are placed separately for dry and wet waste at every corner of the corridor, wash rooms and common rooms. The dry waste bins are also placed in laboratories, library, classrooms, etc.</p> <p>Incineration - Incineration of waste materials converts the waste into ash and heat. Most of our Institute organic wastes are disposed by incinerating.</p>	

Compost - Organic materials such as vegetable peelings, dry leaves etc are used to make compost.

Liquid waste management:

The Institute sewage consists mostly of grey water, and black water; soaps and detergents which are connected to septic tank through let pipes. Lab liquid wastes are allowed to flow towards the garbage disposal pit.

Electronic waste management:

Electronic waste like telecommunication waste, electrical waste, metal waste, circuit boards, socket connectors, PVC, insulated copper wires, and aluminum cable etc. are sent to the authorized recycling unit for proper disposal.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities (within 200 words).

Institution considers all its students and employees as a MGM family and strongly believes in the well-being of all its family members. Institution provides moral and financial support to all its employees in the emergency situations. During the Covid-19 pandemic situation, Institution has helped financially not only to its employees and students but also to other people in the Nanded district.

Uniform fosters a sense of solidarity among students; our students wear the uniform to maintain the tolerance which plays an important role in promoting social equality among students in the campus. Economically weaker students are provided with financial support.

Treating all faculties like family members, we greet and wish each other on different festivals and invite them to have a feast to get introduced with ones culture to have amicable relations and to maintain a religious, social and communal harmony.

On the occasion of our annual social gathering JHANKAAR, we organize a special cultural night Mrudgandh where the students showcase cultural variations of different states in India through songs, folk dances, traditional dresses etc. Such activity develops the tolerance and harmony towards cultural, regional, linguistic, communal socio-economic and creates the inclusive environment in the society.

7.1.9 - Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

The norms, requisites and standards of educating the leaders of tomorrow are changing dynamically and it is imperative for an Institution to keep up with the times to ensure a radical difference in the landscape of education. On that Principle, the Core Values and Purpose of our Institution is to provide:

Transparency: We continuously assess and enhance our policies, establish and impart characterized and explained objectives and targets, ensure that our work increases the value of the Institute and our society.

Excellence :Our educational programs provide the highest level of academic excellence, we exhibit quality in terms of staff, facilities, programs and services, Encourage creativity and innovation, Encourage Interdepartmental collaboration.

Accountability: Through systematic education program, we prepare leaders and responsible global citizens, take responsibility for personal and professional growth, evaluate and improve our systems and policies continuously.

Diversity: Similarities and differences are opportunities for establishing a common bond and strengthening the Institute. Institute recognizes, appreciate and celebrate the strength of diversity such as Cultural diversity, Religious diversity and Gender diversity.

Respect: Institute recognizes the expertise of staff and Encourages Individual contribution. Treat staff and students with dignity and encourage feelings of self-worth. Promote trust through professional courtesy and fair treatment.

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Participative Decision Making: Decision-making is critical component of every Organization's day-to-day functioning. While making the department's budget, delegating tasks or implementing a new strategy and functional decision making, the Institutional Head involves every element of the organization in the decision making process. Delegation of responsibility leads to better decision-making.

Participation in the decision-making process gives each employee the opportunity to voice their opinions, and to share their knowledge with others. Different cells are created by the Head of the Institute for effective functioning at various levels. Proper authority and responsibility is delegated to every member. Every faculty is allowed to take decision on its own at operational level.

Training and Placement activity: T&P cell plays a major role in defining the career goals for the students. It's a twofold activity, training of students and providing them suitable job opportunities. T&P cell takes feedback from the Interviewers and accordingly the training programs are refined and improved on continuous basis. This has given us considerable improvements in the placements over the years. T&P impart Aptitude and Technical training like Programming in Python, C, C++, 3D printing, Robot, CMM, CNC, PCB Design Machine, Embedded system, VLSI design, Antenna design and Personality development.

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

MGM Institute has a distinctiveness in creating the support system for students, faculty and also for social cause with the involvement of all the elements of the Institution creating a spirit of unity. MGM organizes free Medical camps for patients from nearby villages. Serious patients are taken to MGM medical hospital to Mumbai. Institute has a MoU with Local Hospital for medical help 24 x 7. Staff members were given adequate financial and medical help by the Institute during Covid-19. An alumni fund is created with registered Alumni Association and the needy alumni are helped, as and when required.

The wards of the diseased faculty members are provided with free education in the Institute and also provided with necessary support for higher education. The first relation in the family of the diseased staff is provided with suitable employment in the establishment. The concession is provided for the ward of staff proportionate to his/her salary, lower the salary higher is the concession in fees. Fund raising activity is done for deserving causes. During the pandemic our Institute contributed one day salary of our staff to PM Cares fund and to Chief Minister's fund, which amounted to be INR 5,00,000.

7.3.2 - Plan of action for the next academic year

Constant need to apply creative and transformative approaches for higher education levels to make educational system more relevant and competitive worldwide. As per Washington Accord, Institution is planning to maintain the global standards. We are bringing out the changes in the teaching learning process as per New Education Policy.

Faculty: We must improve teaching methodology to create synergies between research, teaching, companies and encourage alliances between them.

Laboratories: Institutions are creating open labs to support team based work. With the exposure in the labs the students at the end of their course as practical learning prepares them for the world of practical challenges.

Student: Through student exchange and other cooperation with high-quality national and international Institutes, Institutes can increase their quality, reputation, and credibility.

MoUs: Industrial collaborations must be present in education establishments for the creation of curricula, expert talks, internships, live projects, career counseling and placements.

Library: One can imagine that new work will take up relatively little space and that a substantial part of the existing physical literature can be moved offsite and replaced with electronic files.

Infrastructure: Infrastructural Facilities to accommodate the sports facility of indoor games, Gymnasium, alumni centre, sports complex, which helps all round development.
