

M.G. M.'s COLLEGE OF ENGINEERING, NANDED

Department of Electronics and Telecommunication Engineering

Electronics Technocrats Association (ETA)

Name of the activity:	Career Guidance by Niket Paikrao
Date:	29/08/2025
Activity Coordinator:	Ms. Maithili Rao, Dr. M. R. Banwaskar
Number of participants:	58

Introduction:

The Electronics Technocrats Association (ETA) organized a *Career Guidance* for Second Year (SY) and Third Year (TY) students of all Departments. This initiative aimed to enhance the analytical and problem-solving skills essential for competitive exams and technical job assessments.

Objective:

- To guide students in understanding diverse career opportunities in core
- To create awareness about higher education options such as GATE
- To provide insights into industry demands, skills, and certifications required for better employability.
- To encourage students to assess their strengths and choose suitable career paths.
- To motivate students to set realistic goals and prepare effectively for their chosen careers.

Outcome:

- Students gained valuable clarity about different career options and pathways
- The session helped participants identify their strengths, interests, and areas requiring improvement.
- Students received guidance on skill development, internships, and certification courses.
- The discussion boosted confidence among students preparing for competitive exams and placements.
- Increased motivation among students to set career goals, plan early, and work consistently toward them

M.G. M.'s COLLEGE OF ENGINEERING, NANDED

Department of Electronics and Telecommunication Engineering

Program Outcomes (POs) Addressed:

- **PO2:** Problem Analysis – Understand and analyze various career challenges, job requirements, and skill gaps to make informed decisions.
- **PO5:** Modern Tool Usage– Gain awareness of modern tools, platforms, and technologies essential for career growth, such as LinkedIn, online certification platforms, and professional skill-building resources.
- **PO12:** Life-long learning – Recognize the importance of continuous skill development and self-learning to stay updated with evolving industry demands and career opportunities.

Feedback:

- Students found the session helpful and informative.
- Many appreciated the clarity given on different career options.
- Students requested more such guidance sessions in the future
- Faculty acknowledged the positive response and encouraged similar activities.
