

M. G. M.'s College of Engineering, Nanded Department of Electronics and Telecommunication Engineering

Electronics Technocrats Association (ETA)

Beyond classroom, laboratory and academic experience, our student club ETA is a platform for holistic development of a students with opportunities to explore interests, groom hidden talents, meet and network with other students, interact with experts and to grow technically, professionally and personally. ETA is dedicated to fostering both technical and personal growth among students. Through a blend of technical workshops, seminars, hands-on projects, and competitions, ETA aims to enhance the engineering expertise of its members. In addition to technical development, the club places a strong emphasis on communication skills and teamwork. Regular events like group discussions, presentations, and collaborative challenges are organized to build leadership, creativity, and cooperation. ETA serves as a platform where students can explore emerging technologies, network with professionals, and apply classroom knowledge in real-world scenarios. By promoting a culture of innovation and learning, the club helps students transition into industry- ready technocrats.

Objectives of ETA:

- To organize:
- Expert Lectures by Academicians, Alumni, industry experts
- Project Competitions, Debate competitions, Quiz
- Poster presentation, sketches, painting competitions
- Workshops, seminars, webinars
- Career guidance sessions
- Social activities, Campus Connect activities
- In order to plan and execute various activities, ETA Council is formed in each academic year. It consists of
- Vice-president, Secretary, Treasurer, coordinator, Event Head and board members. Depending on student interest and capability, the selection of ETA council members is done.
