Machine Learning using Python Programming Workshop Report

Workshop Topic	Machine Learning using Python Programming
Date	20 March 2024 to 21 March 2024
Venue	ESD and Web Technology Lab ECT Department, Nanded
Time	10:30 AM to 5:50PM
Resource Person	Mr. Ambarish Udgirkar, Mr. Tushar Gatthewar and Krishna Suratwala
Number of Participants	116
Class	SY(ECT) and TY(ECT)

The Event was organized on 20th and 21th March 2024 with the intention to serve proper guidance on Machine learning using python programming concepts as well as practical knowledge with Python language. Mr. Ambarish Udgirkar, Mr. Tushar Gatthewar and Krishna Suratwala were the Experts to conduct this workshop.

The Event was a great success and interactive for both the ends. Students showed their active participation in following mentors' guidance and mentors handled to worst to best situations wisely.

1st Day: 20th March 2024

It started with warm welcome and inauguration of the event. The Experts started with introductory lecture on machine learning and made all the students familiar with Machine Learning. They covered simple topics of Machine learning with python programming and successfully initiated the good relationship with the students. Technical problem were handled wisely by volunteers alike python setup and python libraries. Experts started with python basics and some coding fundaments for the

new coders and were successful in igniting the spark of interest in coding with python and machine learning. They focused more on theories and were very practical on python basics.

2nd Day: 21th March 2024

They raised the level of workshop to intermediate by practical hands-on projects like classification, regression Supervised Learning, and unsupervised learning. New students found bit difficult initially as they were not much familiar but with the help of volunteers, they tried at their best to deliver quality. Technical problems like internet connection suffered but mobile hotspots were arranged accordingly. The day end with valedictory function and certificate distribution for the students and resource person. Through this workshop student has achieved PO1, PO2, PO4, PO5, PO9, PO10 and PO11.

Notice

Date: 16/03/2024

All the students of Department of ECT are hereby informed that, Department going to organized Workshop on **Machine Learning concepts using Python Programming** in **collaboration with Indian Society for Technical Education (ISTE) Student Chapter.**

The workshop will cover fundamental concepts of machine learning, including:

- Introduction to Machine Learning
- Hands on practice using Python programming
- Different Python Libraries
- Practical Application on data sets.
- Supervised algorithm

The workshop will be facilitated by **Mr. Ambarish Udgirkar, Mr.Krishna Suratwala and Mr. Tushar Gatthewar ,TYCSE.**

A Report on "Machine Learning Workshop"

The IT Students Association (ITSA) has organized a "3-Days Workshop on Machine Learning". The workshop was held on 27th to 29th April 2023. It was an event organized by ITSA of Department of IT, MGM's College of Engineering, Nanded in collaboration with iBase Pvt. Ltd. 48 students of B.Tech Final Year (IT) has participated in this workshop.

The objective of this workshop was to provide hands-on training on Machine Learning using python.

The entire event was organized by IT Students Association under the guidance of respected Director, **Dr. Geeta S. Lathkar**, & Head of Information Technology Department, **Mr. S. A. Hashmi** and ITSA Faculty Co-ordinator, **Mr. Ritesh G. Bais**. With the efforts of ITSA members and ITSA co-ordinator, the event had turned into great success.

ITSA Expert Lecture

Topic: Exploring the Power and Versatility of Python: An Expert Talk
No of students: 58

Date: 21-04-2023

The Department of Information Technology at Mahatma Gandhi Mission's College of Engineering, Nanded, in association with "ITSA," successfully conducted an expert lecture on 21-04-2023. An expert speaker illuminated the students on the numerous career paths available to Python enthusiasts.

Key Highlights:

- Resource Person: The workshop was led by Mr. Rajshekhar Penshanwar, Software Developer from Wipro. Ahmedabad, Gujarat, shared his expertise in exploring the power and versatility of Python.
- Coordinator: Manisha A. Manjramkar played a pivotal role as a Coordinator, ensuring the smooth execution of the event.
- Department Head: Mr. SA Hashmi, the Head of the Department of Information Technology, extended full support and encouragement for this initiative.
- Director: Dr. Mrs. Geeta S. Lathkar, the Director of the institution, played an instrumental role in fostering a conducive environment for learning and skill development.

Key Topics Covered:

- Introduction to Python: Why it's the language of choice for countless opportunities.
- Career opportunities in Python: From software development to data science and beyond.
- Python for entrepreneurs: Rapid prototyping, startup development, and innovation.
- Emerging fields and industries where Python is making an impact.
- Skills and knowledge areas to focus on for maximizing career opportunities.
- Success stories and case studies of individuals and organizations leveraging Python.
- Resources and pathways for further learning and professional development in Python.
- Future trends and opportunities in the Python ecosystem

Arduino Workshop Report

The Department of Information Technology at Mahatma Gandhi Mission's College of Engineering, Nanded, in association with "ITSA," successfully conducted a 3-day Arduino Workshop from March 23 to 25, 2023. The workshop aimed to provide students and enthusiasts with hands-on experience and knowledge about Arduino, a versatile microcontroller platform.

KeyHighlights:

- Resource Person: The workshop was led by Mr. D J Tuptewar, an Assistant Professor in the Electronics and Telecommunication Department, who shared his expertise in Arduino technology.
- Coordinator: Mr. AB Waghmare played a pivotal role as the Workshop Coordinator, ensuring the smooth execution of the event.
- Department Head: Mr. SA Hashmi, the Head of the Department of Information Technology, extended full support and encouragement for this initiative.
- Director: Dr.Mrs.GeetaS Lathkar,the Director of the institution ,played an instrumental role in fostering a conducive environment for learning and skill development.

Workshop Overview:

Throughout the 3-day workshop, participants learned the fundamentals of Arduino, including its applications,coding, and hands-onprojects.Theeventprovidedaplatformforstudentstoenhance their technical skills and foster their innovative spirit.

This workshop not only contributed to skill development but also encouraged networking and collaboration among the participants. It served as a testament to the commitment of Mahatma Gandhi Mission's College of Engineering to promote technical education and nurture future engineers.

We express our gratitude to all participants, faculty, and support staff for making this Arduino Workshop a resounding success.

R Programming Workshop Report

The Department of Information Technology at Mahatma Gandhi Mission's College of Engineering,Nanded,inassociationwith"ITSA,"successfullyconducteda2-dayRProgramming Workshop from February 5 to 6, 2020. The workshop aimed to provide students and enthusiasts with hands-on experience and knowledge about R Programming, a versatile Data science application Development language.

Key Highlights:

- Resource Person: The workshop was led by Mr. Tushar B Kute, Developer from MITU Skillologies, Pune. Shared his expertise in R Programming technology.
- Codrdinator: Mr. AB Waghmare played a pivot role as the Workshop Coordinator, ensuring the smooth execution of the event.
- Department Head: Mr. S A Hashmi, the Head of the Department of Information Technology, extended full support and encouragement for this initiative.
- Director: Dr. Mrs. Geeta S Lathkar, the Director of the institution, played an instrumental role in fostering a conducive environment for learning and skill development.

Workshop Overview:

Throughout the 2-day workshop, participants learned the fundamentals of R Programming, including its applications, coding, and hands-on projects. The event provided a platform for students to enhance their technical skills and foster their innovative spirit.

This workshop not only contributed to skill development but also encouraged networking and collaboration among the participants. It served as a testament to the commitment of Mahatma Gandhi Mission's College of Engineering to promote technical education and nurture future engineers.

We express our gratitude to all participants, faculty, and support staff for making this R Programming Workshop a resounding success.

ITSA Expert Lecture

Name of the Expert: *Mayur Deshmukh*

Wipro EDL Developer

Informatica Power Center (Oracle eSQL), Pune

Topic: Latest Trends in ETL Tools (BI)

No of students: 25

Date: 08/04/2022

The importance of ETL in an organization is in direct proportion to how much the organization relies on data warehousing. ETL tools collect, read, and migrate large volumes of raw data from multiple data sources and across disparate platforms. They load that data into a single database, data store, or data warehouse for easy access. They process the data to make it meaningful with operations like sorting, joining, reformatting, filtering, merging, and aggregation. Finally, they include graphical interfaces for faster, easier results than traditional methods of moving data through hand-coded data pipelines. ETL tools break down data silos and make it easy for your data scientists to access and analyze data, and turn it into business intelligence. In short, ETL tools are the first essential step in the data warehousing process that eventually lets you make more informed decisions in less time.

IEI- NOTICE

Concrete Mix Design Workshop

We are excited to announce a **Concrete Mix Design Workshop** scheduled for **22-05-2024**. This workshop is designed to provide hands-on experience and deepen your understanding of the principles and practices involved in creating effective concrete mixes for various construction purposes.

Workshop Details:

- **Date:** 22/05/2024
- **Time:** 10:30 am
- **Location:** Conference Hall
- **Facilitator:** The India Cement Ltd.

Workshop Highlights:

- Introduction to Concrete Mix Design principles
- Practical demonstrations of mix design procedures
- Understanding the importance of water-cement ratio, aggregates, and admixtures
- Hands-on session where students will design and test their own concrete mixes
- Q&A session with industry experts

Requirements:

- Participants are required to bring a calculator and a notebook for calculations and notes.
- Safety gear, such as gloves and safety glasses, will be provided, but feel free to bring your own if preferred.
- Attendance is mandatory for students This workshop is a valuable opportunity to apply theoretical knowledge to real-world applications, and we encourage all students to participate.

## Report
(maximum 250 words)

The students chapter IEI, M.G.M.'s College of Engineering Nanded, Department of Civil Engineering with The India Cement Ltd. organized a " Workshop on Concrete Mix Design as per IS code" on 22 May 2023. The event is coordinated by Mr.A.A.Bhore. IEI coordinator and Dr.A.K.Hashmi Head of the Department of Civil Engineering. Mr.Ajaynder Singh Mayal, State Technical Head,Maharashtra, served as the resource person for this informative program. The programme included two session , the first session included a comprehensive lecture in Vishveshwarya Conference hall auditorium on the anatomy of concrete, the constituent properties of concrete materials, and the importance of admixtures and moisture correction and basics of concrete mix design. The second session includes hands-on session on concrete mix design aspects where participants gained technical and practical knowledge. This event received an overwhelming response, with around 107 students from UG students registered and actively participated.
