To,

Mr. Bhandare M.N.
Dept. of Computer Science & Engineering,
MGM's College of Engineering,
Nanded.

Dear Sir,

From the feedback report received and analyzed for the class BTECH-B, it is being seen that the feedback for the subject taught by you "System Administration " to the class BTECH-B in the odd Semester of academic year 2022-23 [SEM-I] is below the average feedback of the class.

This invites the concern to find out the reasons. You are herewith instructed to analyze the reasons and organize the remedial classes/actions suitably and submit the report to undersigned through your HOD.

Take care that the teaching learning process will be more effective in the coming semester to enhance the present feedback & the result.

Dr. A. M. Rajurkar

MGMCEN/2023-24/ **348**   Date: 27th Oct. 2023

To,

Mr R G Bisen,
MGM's College of Engineering,
Nanded.

Dear Sir,

Congratulations!!

From the midterm feedback received from the students for the teachers you stand out to be the best one for BTECH-**B** class your percentile score is 90% for **"Fundamental Digital Image Processing"** in the odd Semester of academic year 2023-24.
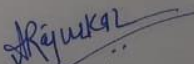

The criteria given were punctuality, syllabus coverage, well structured content, use of audio visual aids, illustrative examples, communication skills & enthusiasm of the teacher and few other related to teaching learning phenomenon.
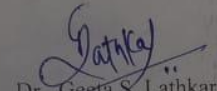

Students had been provided with a questionnaire covering these aspects of teaching & the feedback was taken based on that. When the feedback is taken from the receiving end, which is direct reflection of your input as a teacher. Your image turns out to be the best for the class under review. That's creditable on your part.

Effective teacher is the one who gets the desired performance by the students willingly i.e. who makes the students strive to excel in the subject he teaches. Both students & teacher growing together make the teaching learning process most wonderful.

You have the potential to be the effective teacher.

All the best.

To,

Ms. B. S. Kapre,
Assistant Professor,
Department of Computer Science & Engineering
MGM's College of Engineering,
Nanded.

Dear B. S. Kapre,

Congratulations!!

Based on your evaluation report for teaching performance by your Head of the Department with the Key Performance Indicators (KPI) given, it is found that your commitment for effective teaching is commendable. You have a remarkable ability to inspire and motivate students, fostering an environment where both students and teachers grow together.

Your interactions with the industry have greatly enriched the educational experience for everyone involved. Your potential to be an even more effective teacher is evident, and your dedication to the teaching-learning process is truly admirable.

This is a token of appreciation for your continued hard work and dedication. Your contributions are invaluable and deeply appreciated.

All the best.

To,

Mohseen Ahmed,
Assistant Professor,
Computer Science & Engineering Department,
MGM's College of Engineering,
Nanded.

Dear Mohseen Ahmed,

From the appraisal form received from your Head of the Department, it is being seen that your performance is not up to the mark and needs to be improved.

This invites the concern to find out the reasons. You are herewith instructed to analyze the reasons and take the necessary actions accordingly.

Take care that the overall conduction will be more effective in the coming semester to enhance the performance.
