Scholarship awareness programme for the SC/ST students

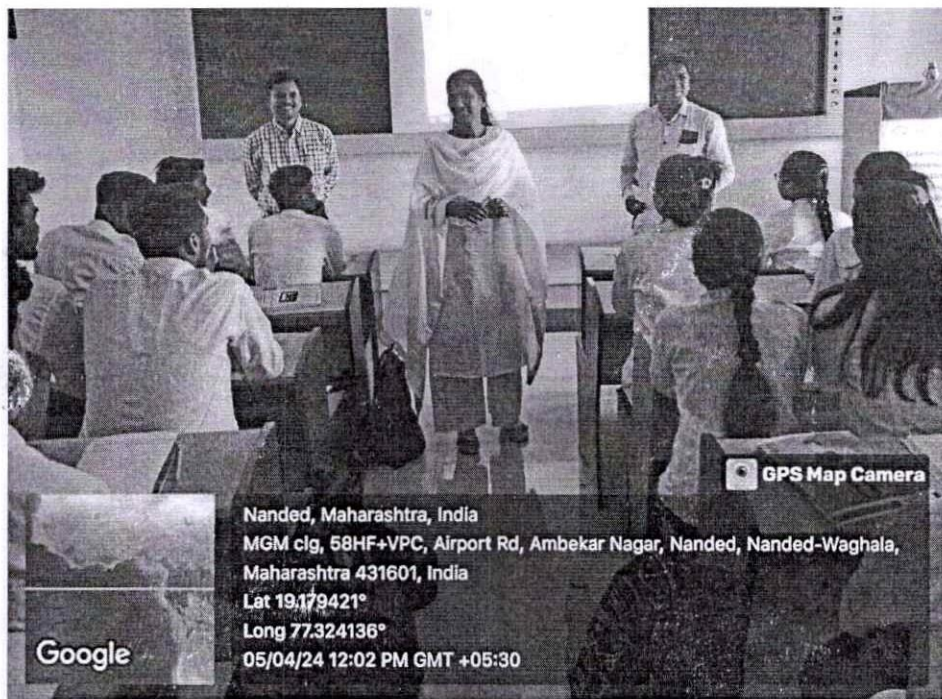

SC/ST Cell at MGM's College of Engineering Nanded organized a scholarship awareness programme for the SC/ST students to align with the SC/ST Commission standards and promote equal educational opportunities among the students. The program's prime aim was to raise awareness among SC/ST students about the scholarships available to them and urge them to apply for these scholarships to help fund their studies. Furthermore, we intended to ensure that SC/ST students understand the significance of NBA accreditation and how it might assist their academic and professional endeavors.

We brief about different State Government scholarship schemes for SC/ST undergraduate engineering students through the Social Welfare Departments. The following are some of the key scholarship schemes offered for SC/ST undergraduate engineering students under the Social Welfare Department:

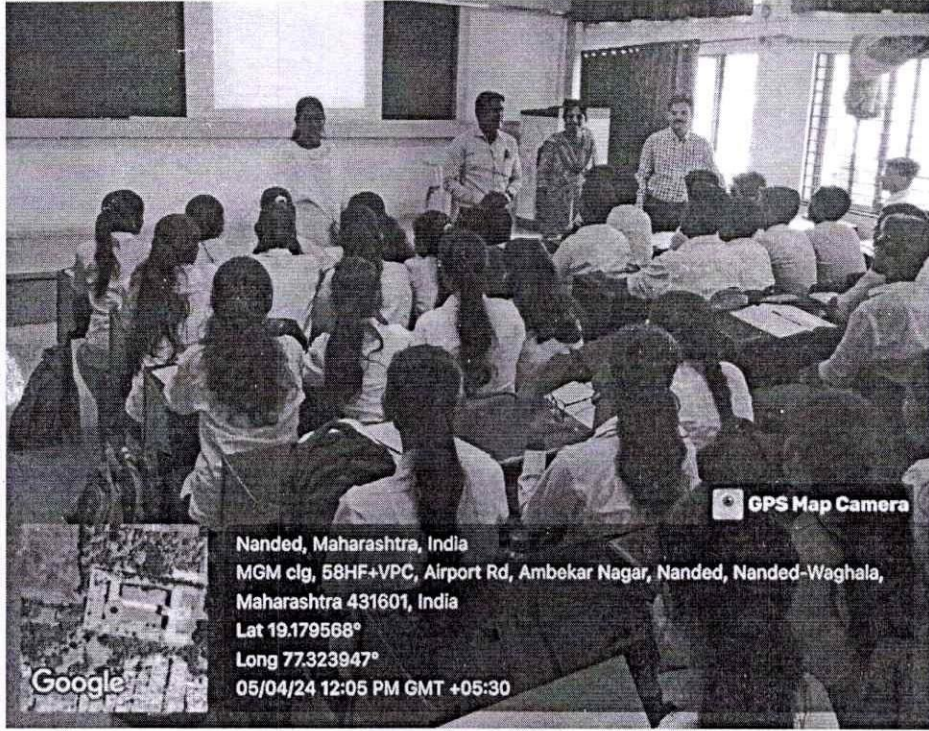

1. **Post-Matric Scholarship Programme for SC/ST Students:** This plan provides financial aid to SC/ST students pursuing post-matriculation studies, including undergraduate engineering courses. The scholarship is paid for admission, tuition, a maintenance allowance, and other incidentals.
2. **The Merit-cum-Means Scholarship for Professional and Technical Courses:** It is for SC/ST students pursuing undergraduate professional and technical courses, such as engineering. Tuition, maintenance allowance, and other incidental expenditures are fully covered financially.

3. **Dr. Ambedkar's Post-Matric Scholarship for Economically Backward Class Students:** This grant is available to EBC students from the SC/ST/OBC/Minority communities, especially those pursuing undergraduate engineering programmes. It gives financial support to those who choose to pursue higher education beyond the matriculation/secondary stage.
4. **National Fellowship for SC/ST Students:** SC/ST students pursuing M.Tech, M.E., M.Phil., or Ph.D. in Engineering and Technology might benefit from the National Fellowship. It provides financial aid for living expenses, a contingency grant, and escort/reader services.

Due to SC/ST Cell at MGM's College of Engineering Nanded, the students of SC/ST community are aware of different scholarship schemes provided by the government.
